

## ASKS INSPECTION OF FISH RESERVE

Commerce Bureau Requests Committee's Visit

Sardonic Reply Is Made to Monopoly Charge

Delegate Involves Everybody Says Commissioner

(BY A. P. MONT WIRE.)  
WASHINGTON, March 7.—Members of the House and Senate committees dealing with fisheries have been invited by the Commerce Department, Fish Commissioner Henry O'Malley, announced today, to go to Alaska during the Congressional recess to inspect conditions in the fishing reserves of the territory recently enlarged by executive order.

Mr. O'Malley, in making the announcement, dealt sardonically with the charges of Dan O. Sullivan, Alaskan delegate in Congress, to the effect that the department had given a monopoly of Alaskan salmon fisheries to three San Francisco and Chicago packing concerns.

"Delegates Sutherland has truly dug up the most terrifying and gigantic piece of corruption yet exposed in American history," Mr. O'Malley asserted in a formal statement.

"EVERYBODY INVOLVED"—It embraces the old violators of salmon canners, embossed fish, Chicago packers, all busy salvaging graft for their nefarious purposes—upon Stanford University (which truly needs money) involving the eminent professors of zoology at Stanford, Washington and Illinois universities, the California Academy of Science, the American Association of Fishermen, the Pacific Coast Association, the Fish Commissioners of California, Oregon and Washington (none of whom ever have enough money) upon eight chambers of commerce and pioneer ignoramus Alaska (none of whom are able to collect all of their dues).

INSPECTION IS PLANNED  
According to Delegate Sutherland, all of these parties in turn have by their representations imposed upon the President of the United States, (who declared on-

## CENTENARIANS DIE SAME DAY

Henry Hives and David Smith Meet Death in Old People's Home

(EXCLUSIVE DISPATCH.)  
FRESNO, March 7.—The Old People's Home, a county institution, is less fittingly named, perhaps, than it was yesterday, when two of its oldest inmates died within a few hours of each other.

They were Henry Hives, 100 years of age, and David Smith, 99. Hives was a native of Ireland and Smith of Kentucky. Neither left any known relatives.

Half of Alaska, a temporary fisher reserve, upon the Governor of Alaska (who has just commended the plan to the Alaskan Legislature) upon the Secretary of Commerce (who has just commended the plan to the Senate) upon the Assistant Secretary of Commerce (who went over there with the plan) upon the unanimity of opinion for the action taken—except from certain owners and certain fishermen who are not classed among the villains—and yet nobody seems to have gotten the money. But, but, but, who got the money? The money was in the hands of the copiers of the Department of Commerce, who arranged for the members of the House and Senate committees dealing with fisheries to go to Alaska and look at the fish-catchers with their own eyes.

## ANITA STEWART LEAVES SPOUSE

(Continued from First Page)

with a mild attack of tonsillitis after a hard day at Goldwyn's studio when her secretary announced she was beyond the reach of interviewers.

The report that she was going to sue for a divorce from the man with whom she eloped five years ago brought the Cosmopolitan star from her bed.

The admission that a discord exists in the Campbells' matrimonial harmony for the first time since her romantic elopement in Connecticut just prior to her twenty-first birthday, came from Miss Stewart only after she had vigorously repudiated any intention on her part to secure a legal separation.

She also divulged that she and her husband intended to make several pictures together, either here or in the East, but that these plans have been abandoned. Her husband, before his marriage, was on the legitimate stage and since his elopement has been business manager of Miss Stewart's company, Miss Stewart said.

He is not connected with her company at present, she stated. In this connection she declares she does not know how long her husband's "variation from marriage" will continue.

## Oklahoma Bill Proposes Board for News Men

(BY A. P. MONT WIRE.)  
OKLAHOMA CITY (Okla.), March 7.—Newspaper editors, reporters and all persons engaged in handling "copy" for publication would be required to pass an examination before a State board of newspaper examiners and pay \$10 for a license under a bill introduced in the upper house of the State Legislature late today.

The measure, according to its author, seeks to lower the libel average by raising the standard of personnel on Oklahoma newspapers and magazines. The bill provides for the revocation of licenses in case of "unethical acts" by newspaper men.

Provision is made for "cubs" who are defined as students. They would not be licensed and their editors would be responsible for their acts.

## Italian Haste Home Nearly Ends in Loss

(EXCLUSIVE DISPATCH.)  
NEW YORK, March 7.—Emilio Glionna, former Chicago lumber worker, his wife and four children, were so anxious to return to their native Italy that on leaving the New Keeler Hotel today for the steamship Paris they left \$1040 in cash and considerable amount of jewelry in the room they occupied the night previous.

Glionna did not discover his loss until just before the ship sailed. On the advice of customs officials he let his family proceed to Italy while he dashed down the gang-plank to the hotel.

The maid was just starting to clean the room when Glionna burst in on them. He turned up the mattress and found \$1050 in bills, \$40 in gold coins and a pair of earrings, a pearl necklace and a lavaliere. He will follow his family tomorrow on the Chicago.

## SMOKE BAN KILLED AND THEN REVIVED

(EXCLUSIVE DISPATCH.)  
SALT LAKE CITY, March 7.—For about a hour today the crowded galleries believed that the Utah House had killed the pending Peters Antismoking bill. So did the newspapers, which put out extras announcing the death of the much-discussed and condemned bill.

The Standing Committee of the Lower House had decided that it would not report the Peters bill to the House, virtually pigeonholing it and adding the matter so far as the present Legislature is concerned. The Legislature adjourns at midnight tomorrow. When word of the action of the committee reached members of the House, friends of drastic regulation of tobacco sales got busy. Such pressure was brought to bear on the committee that the bill has been made a special order of business for 3 o'clock tomorrow afternoon. Whether it will pass before adjournment is problematical. It already has passed in the Senate.

## HEARD ORDER TO 'KILL ALL'

Defendants Are Identified by Herrin Trial Witness

Tells of Beating Given to Crippled Foreman

Arms Delivery Reveals How Guns Were Secured

(BY A. P. MONT WIRE.)  
MARION (Ill.) March 7.—Hugh Willis, State board member of the Illinois Mine Workers, was pointed out from the witness stand at the second Herrin trial today as the man who gave an order to "kill them all" after a mob had taken forty-eight nonunion workers from the mine of the Southern Illinois Coal Company last June.

The accusation was made by Robert Tracy, a survivor of the riot, who is not a railway fireman. At the time of the outbreak, Tracy testified, he was firing one of the locomotives at the mine and was a union member, being a member of the International Brotherhood of Steamshovel Workers and Dredge-men.

The witness also picked out Otis Clark among the six defendants charged with the murder of Anton Mulkovich, former soldier, veteran of the mine and the Argonne and one of the victims of the tragedy.

Tracy testified that he had seen Clark walk up to C. E. McDowell, crippled mine superintendent and another victim of the riot, curse him and beat him over the head with the butt-end of a pistol.

Tracy testified that the unarmed prisoners were taken into the woods, after Willis had driven up in an automobile and said to "kill the mail," and lined up before a barbed-wire fence.

He testified that he saw a bullet struck him as he ran but that he escaped by swimming a small lake.

On cross-examination, Tracy said that after the firing on the mine had started he got a gun, went to the top of one of the mine buildings and returned the fire.

John Shaffner, a clerk in a Herrin hardware store, testified that some man had come into the store the morning of the riot and had asked for guns and ammunition, saying: "The local is good for it."

The witness said he refused to give them any guns without an order and that a little later another man called him on the telephone and said: "Give us guns and ammunition to shoot birds. You let them have it and I'll make it right."

Asked whether he thought the voice was that of Willis as he had testified at the first trial, he replied: "Before I said that, I thought it was Hugh Willis, but I might be mistaken. I have no judgment now."

Most of this testimony was given during the objections of the defense and in the absence of the jury and later it was all stricken out. Judge P. E. Hartwell ruling that it was not proper, as it did not show any connection of any kind of the defendants except on a guess on the day-so of an unidentified man.

Fred Harrison, a University of Illinois student, declared he had seen fifteen or twenty armed men shoot and kill a fugitive and on going to the spot had seen Bert Grace, one of the defendants, with a gun.

## EXPECT ARGENTINA TO STAY IN LEAGUE

(BY CABLE AND ASSOCIATED PRESS.)  
BUENOS AIRES, March 7.—Retirement of the Argentine delegation from the assembly of the League of Nations in December, 1920, did not imply the withdrawal of Argentina from the League itself, in the opinion of Foreign Minister Gaitanero.

His views were submitted to the budget committee of the Chamber of Deputies last night, when he presented the statement of Argentina's quota of the League's expenses, which now amounts to \$2,335,000 gold.

It is expected that payment of the sum will be approved and that the Cabinet will decide Argentina's future relations with the League.

## LOS ANGELES MAKES POSTAL GAIN RECORD

(EXCLUSIVE DISPATCH.)  
WASHINGTON, March 7.—Los Angeles again made a record gain in postal receipts in the list of American cities for the month of February. It shows a gain of \$38,324.12 or 32.25 per cent as against a gain for the city of \$118,464.42 or a percentage increase of only 12.69.

Seattle showed an increase of only \$24,766.80 and Portland, Or., increased only \$3,601.32. The only cities showing greater increases in actual revenue in dollars were New York, Chicago, Philadelphia, Boston, St. Louis and Kansas City.

## MEXICO ACTS TO HALT FOOT-MOUTH DISEASE

(BY A. P. MONT WIRE.)  
BROWNSVILLE (Tex.) March 7.—As a precaution against the foot and mouth disease, the Mexican government has established a rigid quarantine against cattle from Central and South America, according to announcement by customs officials at Matamoros, opposite Brownsville, today.

Officials have been instructed by their government to co-operate with the United States in preventing any spread of the disease into either country, customs officers stated.

## BOY KILLED BY AUTO

(BY A. P. MONT WIRE.)  
SANTA ROSA, March 7.—Ralph Wheeler, 7-year-old stepson of Henry Hansen, was run over and fatally injured here today by an automobile driven by Herbert Taylor. The boy died a few minutes later in a hospital.

## ACCUSED MEN OFFER ALIBIS

Oregon Defendants Deny Night-Riding Charge

Testify They Did Not Hang Medford Man

State Witness Positively Identifies Them

(BY A. P. MONT WIRE.)  
MEDFORD (Or.) March 7.—A feature of testimony for the defense in the night-riding trial of Dr. J. J. F. Hittson and Howard Hill, after the State had rested its case, was that of the three defendants who declared their innocence and claimed alibi for themselves.

In replies to questions asked by the defense attorneys Hill said that on the evening of the alleged hanging of J. F. Hale, March 17, he quit work about 5:30 and was at his home until 7:30 when he went downtown to look for a certain laborer.

At 9 o'clock he went to Dr. Bray's residence to get the doctor, to come to his house where a little girl, Mrs. Bray, was not there but Dr. Bray was between 8:30 and 9 o'clock. He saw Dr. Bray in front of the Rialto Theater, and the latter at once drove out to the Hill residence.

Hill followed in his own car and picked up Attorney George Coddling, new Chief Deputy in the State Corporation Commission's office at Salem. Hill drove Coddling home, then Hill went home, he testified, and found Dr. Bray there administering chiropractic treatment to the little girl.

After a short visit with Bray he saw her look the car to the garage where he kept it, and walked home.

It was testified by Hill that he had never worn a black robe in a meeting of a lodge in the Odd Fellows Hall, which was used also by the Ku Klux Klan as its hall, as W. L. Craig had testified for the State, and he denied that he had ever told J. E. Edmondson, State witness, that he had burned the black robes used on the night of the Hale kidnapping and hanging.

In testifying for the defense, Jesse F. Hittson, one of the defendants, and former Medford Chief of Police, said that on the night of the "hanging" he was at home with his wife and daughter and William Offutt, Jr., and that a contract between him and Offutt had been agreed to that evening.

The contract was introduced as evidence. Hittson said Offutt left about 11 o'clock. He said that he had positively identified one of his captors, but based his opinion on voice and general appearance.

Hale also told of a deal pending for an automobile, which was confirmed by Hittson, who said his relations with Hale had always been friendly.

## CUNO'S SPEECH IS DISCUSSED

(Continued from First Page)

however, and "the diplomat" himself, was doubtful whether it would be carried out.

## REPORTS DISCOUNTED

(BY A. P. MONT WIRE.)  
WASHINGTON, March 7.—Unofficial reports from Paris to the effect that the claim of the United States to participation in the Rhine maintenance of Allied and American troops in the Rhine, have been challenged at the conference in progress, are discounted in Washington official circles as founded on misinformation.

It was pointed out today that in the correspondence which led to the conference on Army costs with Assistant Secretary of War Worth of the Treasury representing the United States, the justice of the American claim was promptly admitted by the Allied governments, which suggested the conference.

The purpose of the Paris discussion, it was added, was specifically to seek ways and means of providing for the refunding to the United States of Rhine army costs in a way best calculated to meet the economic plight of the Allied governments.

Up to last November, when a recapitulation of payments made by Germany under the Treaty of Versailles was made, the total amount assessed against Germany for the costs of all armies on the Rhine was placed at roughly \$500,000,000 gold marks.

## MUSSOLINI PROTESTS ATTACKS ON ITALIANS

(BY CABLE AND ASSOCIATED PRESS.)  
ROME, March 7.—Premier Mussolini today telegraphed the Italian Ambassador in Berlin and the Italian Consul in Munich instructing them to enter strong protests against an attack made on seven Italian workmen in Bavaria. It is reported that the workmen, accompanied by a priest, were passing through Germany on their way to Belgium and were forced to leave the train at Rosenheim, where a crowd manhandled them in the belief that they were bound for the Ruhr.

Premier Mussolini instructed the Ambassador and the Consul to make strong protests.

## Why Do Men "Sell Out?"

There are many legitimate reasons why a man sells his business—lack of capital; loss of a partner; inexperience in the particular line he is engaged in; a change of residence. For one cause or another, new opportunities are constantly coming on the market. They are advertised and sold through

## MURDERED DEPUTIES INTERRED

Asserted Louisiana Makers of Moonshine Confess to Killing Officers

(BY A. P. MONT WIRE.)  
FRANKLINTON (La.) March 7. Wiley Pierce and Wesley Crain, Deputy Sheriffs of Washington parish, shot to death last Saturday by asserted moonshiners in the swamps of Bayou Creek, eight miles east of here, were buried today. The bodies of the officers, victims of two self-confessed moonshiners, were taken from a charge of operating a still, were found early this morning hidden in the mud of the swamps near the scene of the destroyed still.

Business was suspended during afternoon and practically the entire population of Franklinton and surrounding country attended the services, which were conducted by ministers of several denominations and the Masonic order.

John Murphy and Gideon Reaser, two of the men rounded up by the posse yesterday, were accused in the official statement, credited to the Franklinton authorities, is that both men confessed.

MINISTER IS ACQUITTED  
LAWTON (Okla.) March 7.—Rev. Thomas J. Irwin, former pastor of a local church, was acquitted of a charge of arson in an instructed verdict rendered by a jury in District Court here late yesterday. The charge grew out of a fire at Rev. Irwin's church on the night of April 23, 1922.

It was testified by Hill that he had never worn a black robe in a meeting of a lodge in the Odd Fellows Hall, which was used also by the Ku Klux Klan as its hall, as W. L. Craig had testified for the State, and he denied that he had ever told J. E. Edmondson, State witness, that he had burned the black robes used on the night of the Hale kidnapping and hanging.

In testifying for the defense, Jesse F. Hittson, one of the defendants, and former Medford Chief of Police, said that on the night of the "hanging" he was at home with his wife and daughter and William Offutt, Jr., and that a contract between him and Offutt had been agreed to that evening.

The contract was introduced as evidence. Hittson said Offutt left about 11 o'clock. He said that he had positively identified one of his captors, but based his opinion on voice and general appearance.

## THOUSANDS LESS IN FEDERAL PAY

Economy Drive Weeds Out Nearly 100,000

War, Navy and Treasury Departments Cut

Government Has 500,000 Still on Roll

(EXCLUSIVE DISPATCH.)  
WASHINGTON, March 7.—Although 35,792 employees have been dropped from Uncle Sam's pay rolls in the two years' economy drive of the Harding administration, the personnel of the big government departments still numbers more than one-half million.

The largest reductions brought about between March 4, 1921, and March 4, 1923, according to a statement authorized at the White House today, were in the War, Navy and Treasury departments and the United States Shipping Board. The civilian forces of the War and Navy departments have been cut in two and the departmental forces of the treasury and shipping board reduced more than one-half. The biggest increases in governmental service have been in the Postoffice Department and the veterans' bureau.

Detailed information furnished the White House by the departments and the independent establishments of the government show reduction in two years aggregating 119,138, offset partially by increases in certain departments of 30,396. The important decreases are listed as follows:

War Department 45,026; Navy 42,097; Treasury 12,154; Shipping Board 5421; Commerce 1921; In-

crease in the Postoffice Department whose business increases from year to year," said the White House statement, "showed a net increase of 1166, making a total of 253,054. The Department of Agriculture, with new and extensive duties imposed upon it, showed a net increase of 1197. The War Finance Corporation, virtually revived with in the past eighteen months, had its personnel increased to 164 persons. Likewise the Tariff Commission was expanded from 33 to 166 employees. The veterans' bureau on March 4, 1921 had 25,432 employees. Two years later it increased this number by 5534 in the field service but reduced it 2199 in departmental service."

## ALL FIVE PLANES ARE SAFE AT MIAMI, FLA.

(BY A. P. MONT WIRE.)  
MIAMI (Fla.) March 7.—All six Army airplanes, on their overseas flight from Kelly Field, Tex., to Porto Rico, were safe at Curtiss Field here tonight. The plane, carrying Lieut. McDonald and Ensign, reported missing when five of the ships landed at noon, landed in at 7 o'clock tonight, after having made two forced landings en route.

## TANKER CHARTERED IS ORDERED GO

(BY A. P. MONT WIRE.)  
WASHINGTON, March 7.—The charter of a tanker for the purpose of carrying oil to the Philippines was ordered to go on today by the War Department.

The tanker, the S. S. "Albatross," was chartered by the War Department for the purpose of carrying oil to the Philippines. The charter was ordered to go on today by the War Department.

That Word  
"Economy"  
Explained by Stein-Bloch

Here are seven points that must be used to describe accurately any STEIN-BLOCH garment:

- Fit
- Style
- Service
- Tailoring
- Distinction
- Satisfaction
- Value

—It takes the combination of these seven points to make quality.

—If you calculate the cost per season, instead of the cost per suit, STEIN-BLOCH clothes offer the only true thrift—

the economy of quality.

ERIN'S STRONG MAN IS RULING  
Kevin O'Higgins Puts Heavy Hand on Rebels

Breach Left by Murder of Collins Is Filled  
Home Affairs Minister Is Relentless in Fight

BY JOHN STEELE  
(BY CABLE-EXCLUSIVE DISPATCH)  
(Copyright, 1923, by the Chicago Tribune.)  
DUBLIN, March 7.—When Ireland lost Michael Collins, murdered by Republicans, it mourned its strong man and made up its mind he could not be replaced. It is being ruled today by a man just as strong, though of a different mentality and outlook. This man is Kevin O'Higgins, Minister of Home Affairs of the Free State government, to whose dauntless courage, doggedness and determination the Free State owes the fact that it has made good.

Mr. O'Higgins, like all chiefs of the new Irish nation, is little more than thirty, but he learned his lessons in the stern school of war and he is no less relentless in dealing with the domestic enemies of Ireland's ordered progress than he was in dealing with external enemies during the fight with England.

Mr. O'Higgins has traditions and heredity behind him. He is a nephew of "Tim" Healy, the stormy petrel of Ireland's politics and now governor-general and representative of the King of the Free State. He has inherited the Healy dauntless courage and the Healy traditions of independence in politics to live up to. I had a long talk with Mr. O'Higgins this morning in the office of the government building where he lives practically the life of a prisoner. More than any other minister he is hated by the Republicans who realize that he is their most dangerous and effective enemy. His life has been threatened more frequently than any of his colleagues and Mary MacSwiney referred to him in captured correspondence as "that beast, Kevin O'Higgins."

FOR ARMS SURRENDER  
I found him as relentless as ever in his plans for dealing with the rebellion.

MAIL SERVICE REFORMS NEAR  
Col. Henderson Prepares to Make Many Changes

Millions to Be Saved Nation on Parcel Post  
Many Opportunities to Save, Official Declares

BY GRAFTON WILCOX  
(EXCLUSIVE DISPATCH)  
WASHINGTON, March 7.—Plans by which millions of dollars will be saved every year by the government in the handling of parcel post, and a better service afforded to the people of the country, are being worked out by Col. Paul Henderson, Second Assistant Postmaster-General.

Defects in the present administration of the parcel-post service, due to the tremendous increase of this branch of the postal service as improved Col. Henderson upon his assumption of the office that after a careful investigation he made a special report to President Harding on the subject.

COMMITTEE NAMED  
Having found out what was wrong, Col. Henderson appointed a committee of five, made up of two experienced railroad men and three department experts, who have been holding weekly meetings for several months and by July 1 will have a definite report containing recommendations, some of which can be put into operation without delay, and others for which legislation may be required.

SPECIAL TRAINS SUGGEST  
The possibilities in this connection are now the subject of conferences which are expected to lead to definite action to the department within the next few months.

PARIS NOW IN FEAR OF HIGH WATER  
Flood in Seine Begins to Cover Land, and Disaster Once More Looked For

Yesterday along the stretch of river between Paris and Havre, owners of river-side inns were busy saving their furniture. Yachts are hastily moving their way upstream to safe moorings, while floating swimming-baths, landing stages and anchored boats are being securely fastened.

STATE COUNTY CLERKS OPEN ANNUAL SESSION  
(BY A. P. NIGHT WIRE)  
SACRAMENTO, March 7.—The County Clerks' Association of California opened the annual convention here today at a local hotel. Forty-four of the fifty-eight counties of the State were represented, with Henry A. Pfister, clerk of San Jose county, presiding. Various bills, including the absent voters bill, were discussed. An amendment to the act, permitting all absent voters to have access to the ballot, will be recommended.

### LOCAL GOLF PLAYERS IN SEMIFINAL

Misses Browne and Kavanagh to Clash on Colorado Course

(EXCLUSIVE DISPATCH.)  
SAN DIEGO, March 7.—Miss Mary K. Browne of Santa Monica and Miss Doreen Kavanagh, whose stirring contest on northern golf courses have made history in championship matches, will hook up again tomorrow morning at Chula Vista in one of the semifinals of the annual winter championship tournament. Miss Browne today disposed of Miss Dorothy Higgins, a great young golf player, by the narrow margin of 2 up and 1 to go, while Miss Kavanagh put her ancient rival of the links, the late M. Kenneth of the Coronado Country Club, out of the running by the same score. All four players showed a brand of golf that well rewarded the large galleries which viewed the two matches.

In the other bracket Miss Margaret Cameron, of Los Angeles, came through with flying colors by defeating Mrs. Howard Kiefer, 4 and 1. She will play Mrs. J. Midgley in the semifinals tomorrow. The latter won today over Mrs. H. Dudley and 2.

Pairings for tomorrow in the defeated first play bring together Mrs. Moore and Mrs. Wootley in one match and Mrs. Thrift and Mrs. Cochran in the other.

Yesterday's results:

First round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

Second round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

Third round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

Fourth round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

Fifth round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

Sixth round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

Seventh round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

Eighth round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

Ninth round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

Tenth round: Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up; Mrs. M. K. Browne defeated Mrs. M. K. Browne, 1 up; Mrs. D. Kavanagh defeated Mrs. D. Kavanagh, 1 up.

### Joie Ray Defeats Willie Ritola, Establishing New World Record

Cliff Argue of Occidental Under Full Sail

### TIGERS SHARPEN CLAWS

#### Occidental Athletes in Shape to Meet Sagehens in Dual Meet on Saturday

The Oxy Tigers will be in shape for anything that Pomona wants to throw at them on Saturday, according to Coach Pipa's latest pronouncement. He put his men through their last hard workout in the course of the afternoon and will just give them enough work to keep them in fighting trim until Saturday.

Deponents at the Tiger institution got busy with the chalk yesterday and made out three dope sheets, one giving the Tigers an optimistic chance wherever possible, one giving the same edge to the Sagehens and the third based on the exact performance of the best man on the two teams to date. The first dope sheet gave the Tigers the meet by about five points, the second gave it to Pomona by the same margin and the third was a tie. So it looks like a close meet.

But Sloan neatly trimmed by young Keach of Caltech a couple of weeks ago in the two-mile run are due for a surprise Saturday unless Buster has lost his old-time snip. History shows that all that is necessary to make the Tiger two-miler crack all existing records is to trim him once, which makes him mad. Pomona rooters have an idea that Southern California track fans are due for a treat when the Sagehens hurlers get into action. Chas. Day's apparently has to hustle these days to keep ahead of Bob Maxwell, a young sophomore, who on Monday ran the mile in 24.4 seconds and the low hurdles in 24.4.

Capt. Handley of Pomona is expected to give a good idea of how to run a mile on Saturday. The read-head Sagehen is about due to circle the fast oval four times in under 4m. 30s. and may have to do so to keep ahead of "Nick" Carter, Oxy's sophomore miler who is slowly, but surely getting into good shape. Handley hopes to win the mile and to win enough points to beat Elsworth in the half later in the day.

Capt. Handley of Pomona is expected to give a good idea of how to run a mile on Saturday. The read-head Sagehen is about due to circle the fast oval four times in under 4m. 30s. and may have to do so to keep ahead of "Nick" Carter, Oxy's sophomore miler who is slowly, but surely getting into good shape. Handley hopes to win the mile and to win enough points to beat Elsworth in the half later in the day.

### The Tiger Hope

Unless the black-haired strong man falls down unexpectedly, he is expected to knock over about twenty points in the Occidental-Pomona track meet scheduled for Saturday. Cliff performs in the sprints, the jumps and the weights.

### LARRY SEMON FIVE

#### DEPARTS FOR EAST

Declared to have a very good chance to carry off honors in competition with eastern teams, the Larry Semon basketball team, defeated in local contests, left Los Angeles on the Golden State Limited for the Southern Pacific yesterday for Kansas City.

### WEISSMULLER WINS

#### SWIM WITH EASE

(BY A. P. NIGHT WIRE.)  
BROOKLINE (Mass.) March 7. Johnny Weissmuller, of the Illinois A. C., holder of many swimming records, easily defended his national title at 100 yards in the Brookline swimming club tank tonight. The time was 54.4 seconds, which did not approach the record.

### FRANCIS J. HUNTER

#### IN STRAIGHT SETS

(BY A. P. NIGHT WIRE.)  
PALM BEACH (Fla.) March 7. Francis J. Hunter, of New Rochelle, national indoor tennis champion, won the boys' singles championship of Florida today by defeating Dr. Philip B. Hawk, of Philadelphia, 6-2, 6-1, 6-3 in the final round of the annual Florida State championship lawn tennis tournament here.

### GAS COMPANY FIVE

#### SWELLS LEAGUE LEAD

The Los Angeles Gas Company basketball team increased its lead in the Commercial League last night by defeating the Western Electric at Manual Arts High School, by 29 to 7. The Globe Mills team won from B. H. Dyer 24 to 6, while Chas. Lyons won from Weststock-Nichols by 25 to 18.

### AMERICAN GETS EVEN WITH FINN

Chicagoan Leads Rival to Tape by Fifty Yards in 5000-Metre Race

(BY A. P. NIGHT WIRE.)  
NEW YORK, March 7.—Joie W. Ray of the Illinois A.C., Chicago, tonight defeated Willie Ritola of the Finnish-American Athletic Club of New York, by fifty yards in a 5000-meter race at the annual track and field games of the Western Union Athletic Association.

Both Ray and Ritola broke the world's record for the event set by the flying Finn last February 24, which record, however, has not yet been accepted officially by the Amateur Athletic Union. "Chesley Joie" finished tonight in 14m. 54s. and the vanquished runner in 2 1/2 seconds slower. Ritola's former time was 14m. 11-5s., which broke the record set by George Bonag, Jan. 20, 1912.

The race tonight, with the order and result reversed was a duplicate of that in which the Finn defeated Ray last week over a three-mile course. The field of ten runners was bunched up to the first lap when Ritola in the lead, and Ray broke away from the pack. The New Yorker set the pace from then to the last lap with the Chicago taxi driver dogging his heels a yard behind. When the pistol cracked for the last lap, Ray broke in to a sprint and rapidly drew away from Ritola.

Jack Sellers of the New York Athletic Club won the 660-yard championship in 1m. 34 1/2s. William Sullivan of the Pacific A.C. was second and Mike Dervany of the Millrose A.A., third.

The 100-yard dash was won by Alfred Leconey of La Fayette in 16 1/4s. The 220-yard race was won by J. V. Scholz of the New York A.C., was second, and James Burgess of the West Y.M.C.A., New York, third.

Connelly, holder of the world's indoor record for three-quarters mile and indoor mile, was second in the 1000-yard race, lost the race in the last lap. Walter Maana, Buffalo, finished second, and Patrick Kennedy, La Habra, N. C., was third.

The race, witnessed by a howling crowd that broke onto the track as the laps were reeled off, was a sensation from the flash of the starter's pistol. The pace was so stinging that such a stopper as E. F. Brown of Cornell, intercollegiate two-mile champion, was a lap behind when the leaders touched two and one-half miles.

The Finn, following Ray's announced strategic plan, took

### FLINTRIDGE IN FADE-OUT ROLE

Midwick Country Club Grabs Golf Contest

San Gabriel Wins With Fred Barber at Bat

Armstrong Plays Great Tilt in Day's Match

(BY BOB LOCKE)  
The Los Angeles Country Club took another step up the ladder in the Inter-Club matches yesterday although they didn't touch a club in competition. The Flintridge Country Club, last week's second-best holder, by losing their yesterday's matches to Midwick to the tune of a 3 to 2 score, are now tied with Midwick for second place and Los Angeles leads with a neat margin of three points and a chance for a 5-game lead next trip out.

The Flintridge-Midwick event, being the feature of the day in the scratch division, lived up to the honor and the two teams put on a whirlwind of a battle. In the first match E. R. Armstrong and R. Hunter of Flintridge defeated Fred Wright and A. Thompson by a score of five and three. Armstrong was off in a cloud of condensed canal dust and shot the low scores of the day with a 70. His shooting was perfect in all departments of the game and showed up possibly the best golf he has played for some time.

WRIGHT FORGOT HELP  
Fred Wright on the other hand was a poor help to his partner and turned in a high card. His play was a way off form and spectators merely passed it up as an off day. In practice during the week he played good golf but took a little relapse yesterday.

Wishaire and Annandale fought a nice tussle for cellar position with the result that the Annandales crept out of the basement and now reside on the first landing and can see daylight. Midwick traded positions with them and will probably remain below for a spell.

The score was three and two in favor of the Annandale team. In the first match Annandale took a good start with Rex Hunter and J. Ingalls at the bait and Macbeth and Ralph in the outfield. The former won by a score of 1 up. Hunter shot a low score and played quite spectacular golf.

### TAKES BIG JUMP

With the addition of Fred Barber to their team the San Gabriel Country Club took a big jump to the top of the ladder and is now right up in the front row with all the rest of the group 1 handicap men. The Virginia team led the group up to 7-1 but are now in the rather lowly position of the four front with two other teams.

Fred Barber and D. A. Jacobs took the initial tilt defeating George Campbell and T. A. Stevens by a score of 2 and 1. Fred Barber is a great acquisition to the club, as they were badly in need of good young golfers and

Conqueror of Villa Still in Dutch With New York and New Jersey Boxing Boards

(BY A. P. NIGHT WIRE)

NEW YORK, March 7.—Frankie Genaro, who captured the American flyweight championship from Pancho Villa last week, has found none too smooth his path as a titleholder.

The diminutive East Sider, following disappointment over the fact that Villa, instead of himself, had been selected for a world's flyweight title bout with Jimmy Wilde of England, learned today that he was again under suspension by both the New York and New Jersey State boxing boards.

According to Louis J. Messano, chairman of the New Jersey commission, Genaro's suspension, due to his failure to go through with a match with Villa in Newark last December, was lifted only temporarily after the title bout in Madison Square Garden. It was done at the request of the New York State Athletic Commission, and on the condition that the boxer pay \$3000 to the American Fair Play Foundation for losses it incurred in trying to promote the Newark match. Genaro refunded this sum out of his share of the purse in the Garden bout.

The suspension, however, which is recognized in this State under the terms of a working agreement between the two commissions, went automatically into effect after the title contest, Mr. Messano said, and will not be lifted until Genaro boxes in New Jersey under conditions to be fixed by the State ring solons.

These conditions, Mr. Messano added, probably would be stipulated by them when it meets in Jersey City tomorrow.

**GOSSIP FROM TRAINING CAMPS**

(EXCLUSIVE DISPATCH)

SACRAMENTO, March 7.—One of the latest features of the training camp at the Senator's club is a short training game between the players and the regulars. This game seems to create more interest among the players and encourage them to get their best.

The latest of the regulars in these games was Lou Gehrig, who was out for a week. He is now back and will be back for a long time.

Low, the young outsider of the team, was out for a week. He is now back and will be back for a long time.

Low, the young outsider of the team, was out for a week. He is now back and will be back for a long time.

**SLUR CHARGE IS DENIED IN EAST**  
(Continued from First Page)

Gergraduate excitement that have been broadcasted through the columns of certain alleged publications are considerably exaggerated, to say the least. Here are some of the situations gleaned from the head coach:

(1) U.A.C. has not definitely called off all eastern participation and has not decided not to compete in the Penn relays and other events.

(2) The proposed trip to Paris of a five-man track team is a possibility, but nothing more.

(3) No demand for a retraction of the L.C.A.A. "slur" on U.A.C. has been made, nor has any official action of any kind been taken by the athletic committee, which is the sole authority in such matters.

(4) Until the athletic committee meets there will be no action concerning a reply to the request of the L.C.A.A. the trip to Paris, participation in the Penn relays, Drake relays, or any other plans for track activities beyond those already scheduled.

Following is the Associated Press dispatch from New York, conveying the text of the resolution passed by the L.C.A.A. and the explanatory statement by the secretary of the organization:

"NEW YORK, March 7.—No slur was cast upon the athletic eligibility standards or scholastic requirements of the University of Southern California, in refusing to admit for a year the Pacific Coast college to membership, officials of the L.C.A.A.A. declared today. Abbott Southall, secretary of the association, pointed out that the text of the resolution was as follows:

"The executive committee of the L.C.A.A.A. does not recommend, to the annual convention of the association, the admission of the University of Southern California as a member of the association, feeling that as yet it has not sufficient information to feel that its rules for eligibility are in accordance with those set down by the association; and further recommends that the application be laid on the table, and that the University of Southern California be requested to send to the secretary information as to scholastic requirements and a statement of rules of eligibility for competition, in the hope that they may be in such accordance with those of the association and the members thereof as to enable favorable action at the meeting of the L.C.A.A.A. in 1924."

"Mr. Southall denied that Southern California's membership had been solicited two years ago, saying that it had never been a policy of the association to seek the admission of any institution."

**AMERICAN GETS EVEN WITH FINN**  
(Continued from First Page)

the lead and set the pace. The Finn, Chicagoan, a head shorter than his opponent, kept one yard behind until the last lap. Then he shot into a sprint that amazed the crowd, and left Ritola flat-footed, gasping as he called upon his reserve. Ray was about fifty yards ahead when he reached the tape.

Princeton won the open A.A.U. one-mile relay championship in 3:32, St. Austin A.C. was second, and Newark A.C. third.

**LOCAL GOLFERS IN SEMIFINAL**  
(Continued from First Page)

Mrs. D. G. and J. and J. Mrs. P. McGowan, defeated Mrs. C. N. Henderson, 3 and 1.

First round: Miss Lela Broadhead vs. Mrs. P. McGowan. Second round: Mrs. A. D. Bush vs. Mrs. P. McGowan. Third round: Mrs. G. Little vs. Mrs. P. McGowan. Fourth round: Mrs. L. E. Baker, Jr. vs. Mrs. P. McGowan. Fifth round: Mrs. E. Williams vs. Mrs. P. McGowan. Sixth round: Miss L. McGowan vs. Mrs. P. McGowan.

# Non-Detonating Gasoline

## —do you use it in your car?

Gasolines explode in two ways. One kind explodes instantaneously—detonates. It has the effect of a sledge hammer blow.

It crashes against the piston head, forcing the stroke by the single impulse.

It limits the compression because of its tendency to explode prematurely, and thus reduces power and efficiency.

Detonation causes "knocking." You notice it especially on the hills. It increases vibration thus increasing wear and tear.

**The Prolonged Impulse**

The other kind of explosion—the more efficient kind—you get from Union Gasoline.

It is a prolonged explosion. The impulse is progressive and sustained—not crashing and instantaneous.

It thrusts the piston throughout the entire stroke.

So Union Gasoline permits increased compression in your motor, for compression, as authorities agree, is limited by the tendency of gasoline to detonate. And on maximum compression is dependent maximum efficiency and power.

**More Power on Hills**

Thus Union Non-Detonating Gasoline makes your car a better hill climber. You find a new "lift." Your car is, in fact, being pulled up by a steady, sustained impulse rather than by a series of jerks.

Likewise you have new speed on the level and more snap in the get-away—both results of high compression.

You enjoy a smoother running car. It has less vibration, for the power impulses are smooth and constant. It saves wear and tear.

And you obtain more miles per gallon because of increased efficiency.

Union Gasoline is the product of progressive refining methods. Its quality is governed by exhaustive tests. It is constantly being improved by the research of able chemists who are aided by the very finest equipment for studying refining processes.

**Union Oil Company of California**

## LARGE STATE FUND "FOUNDED"

Senator Uncartha \$200,000 Which Was Never Used

Money Originally Intended for New Dam

Budget Discussion Does Make Much Headway

LOS ANGELES, March 8.—(AP)—The Senate today passed a bill to create a large state fund, which was never used, for the purpose of building a new dam. The bill was introduced by Senator Uncartha, who has been known for his extravagant spending habits. The fund is to be used for the construction of a new dam, which is estimated to cost \$200,000. The bill was passed by a vote of 10-9. The Senate also discussed the budget, but no significant progress was made. The discussion was held in a heated atmosphere, with many members of the Senate expressing their concerns about the state's financial situation. The bill is expected to be signed into law by the Governor.

## FOREIGN TRADE QUIZ PROPOSED

Agricultural Exporters and Farmers Invited

Special Commission Will Make Investigation

Raw Products Combines to Be Looked Into

(BY A. F. NIGHT WIRE)  
WASHINGTON, March 7.—Exporters of agricultural products and representatives of agricultural organizations are being asked by the Commerce Department, Secretary Hoover announced tonight to serve on a special commission which will investigate the foreign trade outlook for farmers.

Under an appropriation of \$500,000 made by Congress to investigate what combinations are in existence or in process of formation abroad to hold up the price of raw products, such as rubber, which are imported into the United States in large quantities, and to consider whether new sources of supply can be developed on American soil, the department also was authorized to make a special study of the international trade situation with respect to agriculture. The commission now being formed, membership of which will be announced shortly, will plan and direct the investigation.

**PRODUCTION AND PRICE**  
"Agricultural production comprises about one-half of our total exports," a department statement said. "During the last three years there has been an apparent slight overproduction in the United States which seriously affects agricultural prices, and the question arises as to how temporary this situation may be and what the future prospects are."

"During the ten years before 1913, our production did not keep up with our consumption and the increased consumption was reflected in a decreasing margin of exportable surplus to an average of about \$100,000,000 per annum just before the war. In the ten years since that time, production has steadily increased, not only sufficiently to provide for the increase in population, but so that exports have increased to about \$1,000,000,000 per annum."

"In the meantime the foreign population has not kept pace with the general population, there having been but little increase in the number of farmers."

**AIDS TO FARMING**  
The increased agricultural production is due to nearly 20 per cent increase output per farmer. This is in turn apparently due to steady improvement in agricultural science and appliances and to a run of favorable climatic conditions. The lowered production of Europe, especially Russia, has contributed to create the surplus market for this surplus abroad.

"It is proposed that there should be an exhaustive investigation of the factors as to the proportion of exports to the total of each crop, those facts which bear upon the trend of increased production and increasing consumption at home, the gradual shifting in the world's demand for different foodstuffs, the tendency of agricultural production abroad; the finance of exports; the bearing of various trade factors upon the whole question of foreign marketing; the better preparation of products for foreign markets; and aid to export, the possibilities of shipment to destination instead of rehandling in foreign countries, and various factors in understanding the changing character of markets which the American farmers must meet."

**POLE TRIPS IS PLAN FOR AIRSHIP ZR-1**

New Navy Dirigible to Visit Los Angeles on Journey to Arctic Zone

(REUTERS DISPATCH)  
NEW YORK, March 7.—Trips to the North and South poles are being planned for the big Navy dirigible ZR-1, now being completed at Lakehurst, N. J. It was announced today by Rear-Admiral W. A. Moffett, chief of the Navy Aeronautical Bureau.

The ZR-1 will be ready about the July 1 and will be the first big American airship to be filled with helium, which, while a trifle heavier than hydrogen, is non-inflammable and thus may avoid the fate of other dirigible airships.

The trial trip probably will take her from New York to Los Angeles and San Francisco and she will then go to Alaska to help off for the North Pole.

**MCCARTHY CLEARED OF MURDER CHARGE**

(REUTERS DISPATCH)  
CHICAGO, March 7.—Daniel J. McCarthy, business agent of the plumbers' union, was discharged today when arraigned in Judge Schulman's South Clark-street Police Court on a charge of murder as the result of the slaying of Steve Kellher in Al Teaney's cafe at Thirty-fifth street and Calumet avenue on March 7 morning.

February 15 Judge Schulman held that the finding of the coroner's jury exonerating McCarthy justified his being free.

**REAR ADMIRAL PRINZES**

WASHINGTON, March 7.—Rear Admiral Franklin C. Prindle, U.S.N., retired, died in the naval hospital here yesterday from uremic poisoning, which physicians say was brought about by disabilities incurred during the Civil War. He was 71 years old.

At the outbreak of the Civil War, Admiral Prindle entered the Navy and participated in many engagements. He was retired in 1865.

## MIDDLE WEST NEWS IN BRIEF

(EXCLUSIVE DISPATCH)

DETROIT, March 7.—Beer is coming across the Detroit River to assuage thirsty Detroit, but there is very little liquor, red or white, getting to the arid districts of the region, according to James R. Davis, Federal Prohibition Director for Michigan.

With the Shiawassee River rising rapidly to overflow, due to warm weather, dynamiting of the ice has been started to avoid the possibility of ice jams and floods. The snowfall was extra heavy there this year and continued thawing would cause a heavy rush of water over the surface of the ice.

The steamship Missouri, under charter of the Benton Harbor Transit Company, is stuck fast in the ice in the harbor at St. Joe, after vain efforts to make her free since Sunday. Shifting of the wind during Sunday piled the ice in a huge unbreakable bank two miles in width. The steamer must remain a prisoner on the eastern shore of the lake until shifting winds create a free passage of water.

ST. LOUIS, March 7.—An appeal has been made at the Second Presbyterian Church, Westminster Place and Taylor avenue, for all in the congregation who are troubled with doubts to make themselves known, as the church is provided with a considerable number of acoustic ear pieces which may be installed in any pew.

The Methodist Church at Hume was destroyed by fire yesterday. The fire caught from the basement. A union revival meeting had been held for the past week in the edifice. The loss is \$10,000.

In an effort to cope with gangsters on their own ground, Philip H. Brockman, president of the Board of Police Commissioners, has written to Gov. Hyde, asking him to urge a drastic revision of the laws governing the carrying of concealed weapons.

MILWAUKEE, March 7.—John M. Cleveland, vice-president and traffic manager of the Pere Marquette Steamship Line, has been served with summons in a suit for divorce filed yesterday in Circuit Court by Mrs. Sadie A. Cleveland, prominent socially.

An auditorium for Racine, to cost \$150,000, has been proposed by the Junction Business Men's Association and plans for its erection are already under way.

E. E. Sturdevant, one of the best known men in the Wisconsin Valley, is dead of pneumonia, at Rhinelander. For twenty-five years he was clerk of the Grand County Circuit Court. He was a thirty-second-degree Mason and a member of Tripoli Temple.

Hundreds of dollars damage has been caused at Neenah by water flooding basements. Some cellars have three feet of water in them.

KANSAS CITY, March 7.—Dr. J. McKelvie, 78 years old, superintendent of Bethesda Hospital in Kansas City, Kan., for the last seven years, is dead. Dr. McKelvie was formerly superintendent of the Methodist Hospital in Indianapolis and also practiced medicine in Kokomo, Ind. He was a member of all the Masonic bodies in Kokomo.

The Rev. H. Wyatt, 31 years of age, pioneer Methodist minister of Kansas and Civil War veteran, died at his home in Wichita, Kan. He was signalman on Farragut at the battle of the Hartford, at the battle of Mobile Bay.

A contract was let yesterday by the Santa Fe Railroad to the Arkansas Bridge Company for construction of the new Goddard avenue Viaduct over the tracks in the Argentine district of Kansas City. Work will begin immediately. The estimated cost is \$255,000.

OMAHA, March 7.—Claim that the signature of James W. Bell, affixed to the will filed by attorneys for the widow, in Probate Court at Council Bluffs, is not genuine, made by a nephew, John S. Waydelich of Omaha who puts in a claim to a part of the estate, which is valued at \$100,000.

A divorce and \$4000 alimony were granted to Mrs. Margaret H. Fitch, who sued her husband, Fred W. Fitch, attorney, on grounds of extreme cruelty.

While a light snow fell over the district around Callaway last week all winter heat records of the government weather station at O'Neill were broken with a high temperature of 75.

The property of the defunct Alfalfa Meal and Tankage Manufacturing Company of Tecumseh, has been taken over by new parties and the mill is being renovated and repaired. It will be put into operation soon.

INDIANAPOLIS, March 7.—There are approximately 50,000 more passenger automobiles and 5000 more auto trucks in Indiana than at this time last year, records in the office of the automobile division of the Secretary of State reveal.

Members of the Lakeview Post No. 246, G.A.R., of Syracuse, have surrendered their charter. Of the twenty-two Civil War veterans who signed the post charter in 1912, only two are now alive: Francis M. Corna, age 80, of Goshen, and John Miles, age 84, of Syracuse.

A soldiers' bonus bill was passed by the Indiana Senate, 27 to 19. It now goes to the Governor. The measure provides for a bonus of \$10 for each month of service for veterans of the World and Spanish American wars. The minimum which a veteran may receive is \$50 and the maximum \$250.

DES MOINES, March 6.—Work on a series of buildings ranging from one-story to five stories in height has been started at the North Riverside plant of the Blount City Brick and Tile Company, which suffered a \$100,000 loss from fire February 11.

Wind carried a stall fire across two square miles of ground, three miles south of Oakland. Buildings on Durham and Leo Square farms were saved by volunteer workers.

Otto Lehman, farmer, on the Port Dodge ranch, one and a half miles east of Humboldt, shot and killed himself at his home. He was a heavy landholder and had been notified by the Sheriff that proceedings would be started against him.

J. B. Davis, 66 years old, veteran Des Moines grocery man, dropped

dead of heart disease while working on a garage in the rear of his store at Euclid avenue and Bowlin street.

ST. PAUL, March 7.—St. Paul's pioneer hostility, the Merchants Hotel, 215 St. Paul street, will pass into history within a few weeks, arrangements having been made for raising the building and replacing it either with a large storage garage or hotel.

Frank M. Liddle, boy's work secretary of the Wisconsin Y.M.C.A., has been chosen to represent the State of Minnesota at the world conference on boys' work, early in June at Portschach, Austria.

Charles Edgar Hanson, for sixteen years manager of Browning, King & Co. St. Paul store, died at the Ashland Hotel in his seventy-second year. In 1916 Mr. Hanson retired from business. Before his retirement Mr. Hanson was a member of the Minnesota Club, the Town and Country Club and the St. Paul Athletic Club.

DENVER, March 7.—A thorough investigation of conditions at the Craig Colony for Destitute Sufferers from Tuberculosis is demanded in a resolution adopted by members of Craig Colony Auxiliary No. 1, a result of the resignation of Dr. Robert S. Irwin as superintendent and medical director of the institution on February 20.

Five persons were injured, two seriously, in three traffic accidents in Denver and four others injured in a "spill" eight miles north of Colorado Springs late yesterday, as a result of rain and snow.

Mrs. Sarah H. Mearns, one of the early women pioneers in Christian Science in the West, died at her home at 1615 Downing street. She was 74 years of age.

AKRON (O.) March 7.—Herbert H. Vogt, returned Mayor of Miamiflon by Gov. A. V. Donahay, last week, has relinquished his place under protest and turned the keys over to his successor, M. P. I. Kirchofer, President of the Council. Vogt reconsidered his plan of retaining office and forcing the Attorney-General's office to bring out proceedings.

Herman Peterson, 40 years of age, president of the Semi-Steel Foundry Company of Berberston, who was struck by a Pennsylvania Railroad train near the company's plant, died at Citizens Hospital last night.

Heirs of the late David Kirk Sr., banker and wholesale grocer of Findlay, who died several months ago, announced yesterday that they had decided to give the city and county a library building in memory of Mr. Kirk. The building is to cost approximately \$50,000. The City Council and Library Board will furnish the site and maintain the institution.

MINNEAPOLIS, March 7.—Miss Dorothy K. Winkler, 500 Delaware street Southeast, prominent in Twin City music circles and a member of the junior class at the University, was married last week at Christ Church, Waukegan, Ill., to Ralph H. Johansen, 1148 Churchhill street, St. Paul. It became known that the amount received by the Board of Education on account of influence.

Mrs. Wellington Canfield, for fifty years a resident of Minnesota, and widow of a Civil War veteran, died yesterday at the home of her grandson, Grant W. Canfield, 2508 Oakland avenue South. She had lived in Minneapolis forty years and ten years in St. Paul, and was married to Leander and Jordan, Minn.

**Alimony Money Is Not Taxable Income, Ruling**

(EXCLUSIVE DISPATCH)  
CHICAGO, March 7.—John C. Cannon, local Collector of Internal Revenue, announced today that amounts received as alimony are not taxable income. Such payments do not have to be included in the income tax return of the person receiving them, nor may they be deducted by the person making the payments.

However, a woman who has won a breach of promise suit, or has accepted out of court a settlement as "heart balm" must include the amount in her schedule. The Bureau of Internal Revenue has ruled in such cases that the amount received "is not regarded as return on capital," since the benefits of which the injured party was deprived were not anticipatory.

It is also held that no return need be made on money received as a result of a suit for defamation of character.

**BROKERS ASTONISHED BY BLIND STUDENT**

MAN WHO "SEES" WITH CHEEK NERVES PROVES EYES ARE ALMOST UNNECESSARY

(EXCLUSIVE DISPATCH)  
CHICAGO, March 7.—Carl Bosstrom, a blind student who "sees" with his cheek nerves, astonished brokers on the floor of the Board of Trade today by the ease with which he deflected the room's out doors and corridors and grasped the significance of the excitement of trading.

The blind student walked unguided about the big room, pointed out blackboards, distinguished between blank and printed pieces of paper and told within a foot or two the dimensions of the trading floor. Bosstrom has trained the nerves of his cheek to detect faint differences in air pressure with such accuracy that he can tell "see" things. A sharpened sense of hearing also helps him.

He accurately numbered the persons on the floor and was able to distinguish the differences in ages and stature of those who were close at hand.

ALHAMBRA TO SUE

PASADENA, March 7.—Because the city of Pasadena refused to sell electric power to Alhambra for the operation of a pumping station there, the Board of City Commissioners of that municipality has instructed its City Attorney to file suit against Pasadena.

MANY SEEKING PRESIDENCY

Mexico Facing Bitter Political Fight; More Than a Dozen Candidates Groomed for Race

BY JACK STAR HUNT (EXCLUSIVE DISPATCH)

MEXICO CITY, March 7.—A bitter fight for the Presidency between more than a dozen candidates representing practically every shade of opinion in the country is forecast by the newspaper El Universal in a long article published yesterday. The newspaper discusses the prospective candidates and quotes Deputy Emilio Gandarillas, leader of the National Co-operative party, the only political party of any significance, to the effect that Mexico has learned her lesson with the affair of Tlaxcalantongo, referring to the assassination of Carranza.

The possibility of bloodshed during the election, which takes place late this year, is stressed by the paper, which pleads for calm and justice.

One of the leading candidates for the office of President will be Raul Madero, brother of former President Madero, who was slain during the tragic ten days of January, 1913, prior to the assumption of power by Huerta. Madero will be supported by remnants of the old Conservative party and the former supporters of Francisco Villa, as well as by the Agrarian party, which has deserted Antonio L. Villalaz, former Minister of Agriculture, El Universal says.

Other candidates mentioned are Francisco Leon de la Barra, former Minister of War and Marine, and a number of others of lesser strength.

The candidacy of De la Barra, El Universal asserts, is sponsored by Catholic groups and the wealthier elements which predominated during the reign of Diaz. Since his

expulsion from Mexico, De la Barra has been prominent in European politics, taking an active part in international arbitrations. He is also said to have the support of the Mexican bar. The newspaper disavows at length the recent ruling of the Foreign Ministry, which held that De la Barra has forfeited his citizenship by accepting foreign honors.

The Co-operative party, which is in power at present, is divided in its support of two leading candidates. These two men have been considered the leading candidates for the Presidency since the election of Obregon.

However, De la Barra recently announced that he would never be a candidate if disturbances followed his entrance into the political fight.

Robles is mentioned by the newspaper as the candidate of the more radical Agrarians in the Chamber of Deputies. His brother, Miguel Alessio Robles, is Minister of Commerce, Industry and Labor.

Gen. Estrada, El Universal believes, will be the candidate of the army.

romance Started in South Africa Huge Success

erion Weds Miss Sherwin in New York Event

atmosphere of Old India Enters Courtship

EXCLUSIVE DISPATCH

NEW YORK, March 7.—A romance that had its beginning in South Africa grew during the World War, and the proposal of marriage which was laid in the atmosphere of the Temple of Taj Mahal in India, came to a climax today, when James Jolley, manager of His Majesty's Theatre in London, and Miss Jeanette Sherwin, leading woman in J. M. Barrie's "Loyalties," were married in the Church of the Immaculate Conception.

Jolley arrived on the steamship "Lloyds" from Liverpool yesterday. He was met at the pier by Miss Sherwin, who was accompanied by her father, Hugo Sherwin. Her father, Louis Sherwin, is a movie director.

After giving up his engineering career to enter the theatrical profession, Jolley went to South Africa in a company with Miss Sherwin. He later became a lieutenant in the British army, and later then went to the Far East with a company of which Miss Sherwin was a member. During the war was twice reported killed in action.

On the way home from the front he proposed to Miss Sherwin in the famous temple of Taj Mahal, but she told him she would marry him only when she had attained success. Then came Miss Sherwin's engagement by Charles J. Hays in "Loyalties," which has been running many months on Broadway.

At the marriage Jolley and a sister actress grasped hands as brides. His best man was Col. John Knapp, formerly of Gen. Pershing's staff.

pure relief from rheumatic pain! Whether you have suffered years or are experiencing rheumatic pain for the first time—Sloan's Liniment will give you quick, sure relief. Apply Sloan's to those stiff, sore joints. Its tingling, penetrating warmth brings comfort immediately. Before you realize it the pain has disappeared.

Sloan's Liniment will make you feel how unnecessary it is to suffer from rheumatic pain today. It cures all rheumatic and chronic pains. It is the only remedy that yields to Sloan's.

however, he has stored in memory thousands of Shakespearean roles. On occasions, when he is in the hands of friends, he lets some of the old parts out of his system. One of the most effective is Hamlet's soliloquy, "To be, or not to be," which he recites actively when garbed in the Innes cape that he dons with evening clothes.

The government spends a good deal of money each year on the education of several hundred young men at Annapolis, destined to be naval officers in the course of the next few years. Every once in a while there comes specific evidence that the money is not wasted.

The aide had no more than returned to the ship after delivering his message when the American flag was run up on shore near the Governor's palace and saluted with twenty-one guns. Immediately afterward the Governor's barge, with the crew pulling the well-known official goosestep stroke, came alongside with the Governor and the indemnity. Needless to say, the Governor was received, and that his visit was the first of a pleasant exchange of views on the matter of the beheading days. When the visit was over and the ship was sailing away,

representatives of the law began getting closer and warmer on his trail, the man and his wife examined the bank account. It stood at \$6,000; they had a house and car. And right there they retired.

A few of the junketers who left Monday night at midnight, on the Henderson for Caribbean waters came near missing the boat due to last-minute encounters with their income tax. The tourists will be away when the 15th inst. arrives, so the Navy Department, not wishing to see any money lost to the government, notified all its guests that it would be a good thing to take care of their chests before they started.

It so happened that there were

ferred Plant a Tree a Day exercises until later in the spring, when special ceremonies will be held at the new \$355,000 plant on West Olive street. The move to the new building will start the last of the week, according to Principal W. A. Ferguson, and classes will begin there the 19th inst.

**ASSESSMENT VALUES CUT**  
By a "Times" Staff Correspondent  
**LONG BEACH, March 7.**—A reduction in the assessment values of Long Beach property for taxation purposes from 70 to 50 per cent was announced today by City Manager Windham. The new valuation conforms to that used as a basis for taxation by the county.

**MODERN WOODMEN WORKERS ORGAN**  
[LOCAL CORRESPONDENCE]  
**HUNTINGTON PARK, March 7.**—The Modern Woodmen of the world, which was instituted here the other part of last year, at its regular last night organized its regular care of the work before lodge sessions.

The organization was composed under the direction of J. A. Cahill, who has charge of teams in Southern California.

Los Angeles Daily Times

MARKET REVIEW

**NEW YORK, March 7.**—On the Stock Exchange the collision of professional speculators for the advance and the decline continued, with alternating reaction and recovery in the general market and with net gains and losses for the day evenly distributed, but the extent to which it might be called a "personally conducted market" was not great.

Among the other incidents of the day was a further rise in spot cotton to 31.25, a week ago it had barely crossed 30. Since the time is now probably near at hand when the government's statement will be reported, the market is looking for a reaction.

No response to the German Chancellor's brushing aside of the idea of negotiation with France was visible in the markets. The German mark advanced to the highest rate since February 13; but movements of the mark just now reflect nothing but the Reichsbank's monetary policy in the use of its foreign exchange.

In view of the recent somewhat exaggerated talk of immediate tightening of the money market, the most conspicuous feature of the adjustment of redoubt rates from 4 per cent to 4 1/4 at the Federal Reserve Bank of New York, Boston and San Francisco, the terms named today by the Treasury for its new short-term borrowing have given extremely accurate indication of the real state of the credit market, ranging as they did from a twelve-month loan at 6 per cent to a three-month loan at 4 1/4.

There is no such thing as stabilization in nature except in the silent desert where all things are dead, for in the ways of life nature knows only endless swings from one extreme to another. The best hope in agriculture is by better and more economical methods of marketing and by such united forethought and planning in production as is possible that the intensity of these extremes may be much modified.

Empress Josephine used much so freely that repeated washings and paintings would not remove the odor from her apartments at Malmaison Palace.

WALL STREET NEWS

**BY MONITOR**  
NEW YORK, March 7.—Trading was curtailed to some extent today as a result of wire trouble due to the heavy snowstorm which continued all night in the East. Wire connections with the principal Florida winter resorts were very poor and in some cases communication was impossible. The market was unable to use their leased lines, being forced to rely on private wires for communication.

At the meeting of Chile Copper directors today, the Guggenheim interests resigned from the board and were replaced by representatives of the Ryan-Stockholders-Brady group. However, it is known that the Guggenheims still have a very substantial block of Chile Copper securities and very probably constitute the chief minority interest.

According to trade reviews, the steel business is exceptionally good. Estimates of the probable increase in unfinished tonnage orders on the books of the United States Steel Corporation for February have been practically doubled over the past three or four days, and Wall Street is looking for a gain of from 300,000 to 400,000 tons during the month. The actual increase of this increase is highly probable, and depends entirely upon the attitude of steel leaders during the month. There is no question the corporation could have increased production of 1,000,000 tons had it accepted all the business offered.

According to information from official sources, the production of steel in the United States during the first four months of the year was 12,000,000 tons, compared with 11,500,000 tons for the same period last year. The increase of 500,000 tons is a record for the first four months of the year.

Freight cars of all descriptions on order February 15 totaled 97,100, compared with 92,000 for the same period last year. The increase of 5,100 cars is a record for the first four months of the year.

EXCHANGE FOR COTTON ORGANIZED

**Operators Seek to Meet Requirements of Fast Growing Business**  
Cotton merchants, brokers and factors operating in California organized themselves yesterday into the Los Angeles Cotton Exchange for the purpose of promoting the export of cotton to the Pacific Coast, and elevating the status of the commodity to a higher business plane. The new exchange will not attempt to trade in cotton in any form, but will act as co-operative body for the best interest of the industry according to the by-laws adopted.

The membership of the organization is incomplete at this time, but it is intended to include the cotton men operating in the Imperial Valley, who are factors in the cotton industry. The present membership is composed of the important merchants, brokers and factors with headquarters in Los Angeles.

One of the objects of the marketing of the commodity to a higher business plane is to increase the volume of the cotton coming from the interior to the coast, and elevating the status of the commodity to a higher business plane. The new exchange will not attempt to trade in cotton in any form, but will act as co-operative body for the best interest of the industry according to the by-laws adopted.

The membership of the organization is incomplete at this time, but it is intended to include the cotton men operating in the Imperial Valley, who are factors in the cotton industry. The present membership is composed of the important merchants, brokers and factors with headquarters in Los Angeles.

"Can You Feature That?"

The Petroleum Midway's well just off-setting my No. 1, 2 and 3 blew in yesterday flowing better than 9000 barrels a day of the highest gravity oil in the field, and here's my No. 1, 2 and 3 all on the verge of coming in and should all be at least that big.

We got a good cement job on No. 1 after the third attempt. The Mining Bureau gave us an O.K. on the water shut-off today so we are drilling down into the oil sand now and will have her on production in seven or eight days. I told you I had her number. You'll begin to believe I know what I'm talking about after a while.

I'll bet I knock you for a home-run with the dividend I pay on every one of my wells next month.

Don't forget that I'm sitting down myself every night and writing you these little messages and any time I tell you anything you can bet your bank roll that it's the truth, the whole truth and nothing but the truth. Whether the news be good or bad, you can depend on me giving you straight stuff every time. If things break a little tough now and then and there is a little delay here or there don't think I'm afraid to come out and tell you. I expect you to have a little patience with me when you know that I'm working my head off day and night to make good.

Don't kid yourself that you are going to have several weeks yet to get in on my new 4-well issue because it's not in the cards.

We are all interested in making money and I firmly believe all you have to do is buy into this new issue of mine to make quicker and greater returns than any like investment ever before bought, but you had better take advantage of it immediately.

NOTICE OF STOCKHOLDERS MEETING

To the Stockholders of Los Angeles Union Stockyards Company and all other whom it may concern: Office of Los Angeles Union Stockyards Company, 2100 East 28th Street, Los Angeles, California.

NOTICE IS HEREBY GIVEN that resolution duly adopted by the Board of Directors of Los Angeles Union Stockyards Company on the 15th day of January, 1923, and the meeting of the stockholders of Los Angeles Union Stockyards Company is hereby called to be held at 2100 East 28th Street, City of Los Angeles, California, on the 15th day of March, 1923, at 10 o'clock a.m.

The purpose of the meeting is to consider the following purposes and acting upon any or all thereof: (a) Authorizing an increase in the common capital stock of said company from \$10,000,000 par value to \$15,000,000 par value, or such smaller amount as stockholders may specify.

(b) Specifying or authorizing the Board of Directors of said company to specify the terms upon which said increased capital stock may be issued from time to time.

(c) Authorizing an application or applications to the State Corporation Commission of California for authority to issue all, or any part of, such increased capital stock, upon such terms and conditions as the Board of Directors may hereafter prescribe.

(d) Conferring upon the Board of Directors of said company such other powers and discretion in the premises, and taking such further action in connection with all of the above mentioned matters as may be deemed necessary or advisable.

That the term "meeting" as herein used, shall include meeting herein called to be held on the 15th day of March, 1923, and any adjournment or adjournments thereof.

The stockholders of the company are requested to be present either in person or by proxy at the meeting at Los Angeles Union Stockyards Company.

ARTHUR O. LEONARD, President. F. L. MARMAN, Secretary.

NEW SANTA MONICA BOULEVARD SOUGHT

By a "Times" Staff Correspondent  
SANTA MONICA, March 7.—Steps have been taken to make Palmdale avenue a boulevard, as the backers of the movement are of the opinion that the thoroughfare should not be used for heavy traffic.

Owners of property abutting on the street have petitioned the City Council that it be made a boulevard between Ocean avenue and Seventh street.

BUILDER'S DEATH NOT SUICIDE, SAYS CORONER

(EXCLUSIVE DISPATCH)  
POMONA, March 7.—"Accidental drowning" was the verdict given at the coroner's inquest into the death of Robert D. Morris, local contractor, 141 Boston Place, whose body was found floating three miles at sea off the coast near Newport Beach yesterday morning.

No marks of violence were found on his body at the inquest held yesterday afternoon at Santa Ana. He was believed to have committed suicide. No motive for taking his own life was known to his relatives and they are as much mystified today as they were Saturday, a week ago, when he left home. The body was brought here today from Santa Ana and is at the Todd & Reeves undertaking parlors, where funeral services will be held Thursday afternoon at 2:30 o'clock.

FEDERAL JUDGE IS TO MAKE PASADENA HOME

By a "Times" Staff Correspondent  
PASADENA, March 7.—Judge Morris of the United States District Court, Minneapolis, for many years an annual visitor to the Southland, has permanently renounced the land of ice and snow in favor of the Crown City. Judge Morris has bought a home at 1190 Oak Knoll avenue, and from now on will be a resident of Pasadena.

## NO BRAKES ON TRADE GROWTH

Outlook for Year Is One of Continued Prosperity

Los Angeles Rating Leads Ten Largest Cities

New Freight Rate Reduction; Business News

Business growth will proceed at an unabated rate in 1933 throughout California, as especially in Los Angeles and contiguous territory in the opinion of the Standard Daily Trade Service. This publication has completed a study of the purchasing power of the important cities of the United States on the basis of debts to individual accounts reported by the banks, and from these data present an interesting forecast of business conditions.

Using as a basis the average monthly value of business during 1929-1932, the forecast is made that business activity in Los Angeles during 1933 will be 49 percent above the base index of 100. As the index of 149 is an increase of 6 over December, and is considerably above the monthly indices for the remainder of 1932, all indications point toward a continuance of expansion in the current year. This evidence refutes the bearish arguments frequently heard, regarding a possible slump in business within the next few months.

When the composite showing of the four Southern California cities is compared with other sections of the United States the future assumes an even brighter outlook. The four Southern California cities reported have an average index of 149, which compares with 128 1-4 for the four cities in Northern California, and as favorably with other sections of the country. Long Beach is given the best rating with an index of 232, and which is incidentally the highest given to any city reported. San Diego has an index for 1932 of 148 and Pasadena, 141. All of these figures are increases over December, 1932.

San Francisco is given the lowest rating of any of the California cities with 98. Berkeley is rated at 163, Oakland at 137, and Sacramento at 125. The index for all of California is 124.

The index of 149 for Los Angeles surpasses that given to any of the ten largest cities in the United States. New York, 135; a decrease of 123 are forecast at 135; an increase of 6 over December, 1932. Chicago has an index of 116, Boston, 105; Detroit, 113; a decrease of 6 from December; St. Louis, 114; Philadelphia, 113; and Milwaukee, 85, a loss of 7.

In remarking on the conditions affecting business in California the Standard Daily Trade Service says that unemployment exists in many California cities, but the fact should not be misinterpreted because of the seasonal character of a number of the leading industries. California is recommended to manufacturers and wholesalers as fertile ground for sales campaigns covering a number of years.

The index of 149 given the Pacific States of Washington, Oregon and California does not make such a favorable comparison with some of the other economic divisions. The East South Central States of Kentucky, Tennessee, Alabama and Mississippi are given the highest ratings for 1932 of 151, and the Middle Atlantic States are placed second. The showing made by the Pacific States is due largely to the relatively poor prospects forecast for Oregon and Washington.

## RATES EFFECTIVE

Definite information as to the new freight rates published on commodities moving from Chicago and points west to the Pacific Coast to meet water competition, and the fact that they will become effective April 1, was made public here yesterday by J. T. Saunders, general freight agent of the Southern Pacific Company. This supplements the announcement February 19 of a definite policy on the part of the western railroads to take aggressive action toward meeting the low rates prevailing via the Panama Canal.

The lines operating through the canal have been making heavy inroads on the tonnage of the railroads.

## Food Costs Advance in Los Angeles; Copper Market Strong; Zero Tax Hour Draws Near

BY CHAPIN HALL

The statistical tables showing business conditions in Los Angeles last month prepared by the public service department of the Merchants' National Bank and completed last evening show a decline in staple food products. Flour, coffee and sugar show slight advances over January prices, but ham, bacon, eggs, butter, potatoes and beef are all cheaper over the retail counters. Compared with average prices in February, 1932, the analysis shows that flour, ham and potatoes are the only articles which may be purchased for less money than a year ago, while bacon, eggs, butter, coffee, sugar and milk are all higher. Here are the bank's figures for this and other divisions of trade:

RETAIL FOOD PRICE REVIEW			
(*Average prices)			
	1958		1957
	Feb.	Jan.	Feb.
Flour, 50-lb. sack.....	\$1.19	\$1.20	\$1.23
Wheat, per lb.....	.05	.05	.05
Barley, per lb.....	.15	.14	.13
Rye, per lb. (fresh).....	.10	.09	.08
Butter, per lb.....	.81	.84	.85
Coffee, per lb.....	.80	.80	.80
Tea, per lb. (small).....	.08	.07	.07
Fresh milk, per qt.....	.15	.14	.14
Potatoes, per lb.....	.014	.013	.013
Tomatoes, per lb.....	.02	.02	.02
Strawberries, per lb.....	.10	.10	.10
Peas.....	.10	.10	.10

\*These figures were derived from the average prices of various brands of each commodity for the month.

## The POWER CORPORATION

of New York operates in the northern part of a state which is regarded as being second to none in the possibility of water power developments. The 7% Cumulative Preferred Stock of this hydro-electric offers an attractive investment.

Price 98 1/2  
yield 7.15%

## You shake hands with happiness

when you invest in a stock which causes you no worry and yet gives you a handsome return.

Equitable Bond & Mortgage Company is a safe business secured by first mortgages on real estate. It is a profitable business, as shown by the records of other mortgage companies.

No man or woman need have any fear of losing their money in this stock. Our officers and directors are experienced and responsible. Our business is a good and secured one.

In our company, three-fourths of the net profits ultimately go to the Preferred stock holders. You participate fully in these profits and pay only par value of the stock.

We believe there will be substantial profits to divide. They may be larger possibly than some for which more things are claimed.

Where can you find a safer and more profitable investment or a fairer offer? Compare it with others. Then ask for full details which will be given without your being annoyed by salesmen.

## LOS ANGELES EXCHANGE

Union Oil Associates eased off slightly yesterday on the Los Angeles Stock Exchange after the spirited trading of the previous day. The closing was off 1 point from that of the preceding session, the final price starting at 5 1/2. Union Oil of California was unchanged at 11 1/2, retaining its gain. United Oil sold up to 1.60, but later forfeited the increase and closed at 1.51, unchanged from the previous day. U. S. Royalties at 1.12 was up 1 cent and Globe Petroleum sold at 24 cents, off 1/2.

Telluride and Tom Reed were the active stocks in the mining group, the former dropping 2 1/2 cents at a final quotation of 14 1/2, and the latter losing 2 cents on a quotation of 1.31. Tom Reed at one time during the day sold at 1.35. United Eastern dropped back 3/4 cent to 2.12 1/2, and Yellow Pine was quoted at 4 1/2 cents. Three shares of Security Trust at 2.90, and Southern California Edison common was taken at 10 1/2.

Plant of Los Angeles Gas Co. 1923

Growing up with  
Los Angeles

## Horse Cars and Other Things

“THE East Los Angeles and San  
Pedro Street Railway Company  
have placed bells on their horses to give  
warning of the approach of the car and  
prevent, as far as possible, a recurrence  
of the painful accident of the other  
day.”

Newspaper Item, November 16, 1876.

In striking contrast with the modern  
street car! But not a greater contrast  
than exists between the heating meth-  
ods of 1876 and those of today. The  
convenient and dependable modern gas  
range with automatic heat control, the  
various efficient house heaters and fur-  
naces, and the scientific application of  
gas to industrial processes—these are  
impressive, though common, examples  
of gas engineering progress.

You can spend a pleasant half-hour or  
so examining the display of gas ranges  
and other appliances at your dealer's.  
If you have any difficult industrial heat-  
ing problems, the services of our Indus-  
trial Engineer will be yours for the  
asking.

## BOND QUOTATIONS

Tax a Market Factor  
(BY A. P. NIGHT WIRE)  
NEW YORK, March 7.—Uncon-  
firmed reports that the local Fed-  
eral reserve bank contemplated an  
increase in the discount rate were  
held responsible for the reac-  
tionary trend in today's bond  
dealings. The early approach of  
time for income tax payments  
probably was a contributing fac-  
tor in the recession. The losses  
were orderly and confined gener-  
ally to fractions while a few bonds  
showed gains for the day.

United States government bonds  
were irregular, the second, third  
and fourth 4 1/2's advancing 10 to  
12 cents on \$100. Foreign securi-  
ties, generally, were slightly high-  
er, Bordeaux 6's and Brazil 7's gain-  
ing a point each.

Railroad liens were mixed. Chi-  
cago Northwestern general 5's were  
up 1 point, Lake Shore and Michi-  
gan Southern 4's of 1931, 1 1/2, and  
Toledo, St. Louis and Western,  
1 1/2. Losses in this group were  
fractional. Industrial mortgages  
also were irregular, but the losses  
outnumbered the advances. Colo-  
rado Industrial dropped 1 1/2  
points, and the Chile Copper 7's,  
1 point. In the public utility  
group, Market Street Railway is-  
sued advanced slightly in sympathy  
with the stocks. Interborough  
Rapid Transit 6's were down 1 1/2  
and the 8's, fractionally.

Total sales (par value) were  
\$9,686,000.

NEW YORK, March 7.—Following are the  
closing bond quotations on the New York Stock  
Exchange. Furnished by Lyons & Ryan.

## NEWCOMERS!

Let Us Place Your Insurance  
With the Companies You Know

If you have recently come here from the  
East or elsewhere, and intend to locate in  
Los Angeles, you will naturally prefer to  
have your insurance carried by those com-  
panies with which you have already done  
business and in which you have confi-  
dence.

When your insurance is handled by Cass  
and Johansing, Insurance Brokers, your  
preference regarding companies takes  
precedence. After first studying your  
needs, and recommending the kind of pol-  
icy exactly suited to your requirements, we  
will gladly place the insurance with the  
companies you know.

There are many other advantages  
of our service. We'd appreciate an  
opportunity to explain in detail.

The City Council yesterday reversed its previous action in announcing its intention to establish

Realty dealers and builders of proposed apartment-houses on Wilshire between Westlake Park and Western avenue were present in large numbers at the Council's meeting.

They declared they were pleased when a new report from the Public Welfare Committee of the City Council, was read recommending that the previous action of the committee and the Council be reversed, and that the setback not

To impose restrictions now, he declared, would work a hardship on the backers of large projects which were started before the proposed setback was discussed. The elimination of the setback east of Western avenue, Councilman Allan said, would not interfere with the proposed widening of the street as the plans called for securing the additional width by the elimination of the wide parkways between the curbs and the sidewalks.

attempt to sit in the same seat with the negro girl.

It is not clear to her whether she fainted or whether she was "knocked out" by a blow from the negro girl's fist.

The girl's classmates have told her that there was a fight but they are unable to ascribe a reason. Miss St. Claire asserts that she knows of no reason for it.

She was suddenly attacked by the negro girl, she says. Just what took place she does not recall for she lost consciousness.

deputies speeding their way. A chase on foot did not locate them, but a hat picked up by Bright bore the name of a Chicago hatter, and a jagged hole through the crown gave mute evidence of the marksmanship of one of the deputies.

Yesterday the officers made inquiries and through one of the sealed passages through which news creeps from the underworld to the light above they found that two unknown strangers had arrived from Chicago late last week, had asked veiled questions and dropped vague hints that they

The two men, according to the authorities, have not been seen since Monday, but their lodgings and acquaintances are under a close surveillance and Sheriff Traeger, who has taken up the hunt, states that their apprehension is almost certain, since they cannot remain in hiding for a very long time.

Deputy Sheriffs Bright, Modie, Stensland and Allen, the four men about whom the gunmen made inquiries, are going doubly armed, and, according to the statements

Children of Los Angeles are to be favored with a fete made famous on the White House lawn in Washington, when they participate on the 31st inst., in an Easter egg roll and egg hunt, to be conducted with the consent of the Park Commission at Lafayette Park from 2 to 4 p.m.

This will be the third annual event of this sort in Los Angeles. Heretofore the occasion has been sponsored by the Juvenile Protective Association, but in the future the playground department of the city will be in charge.

The program for this year, as outlined by playground department officials, includes: Band music throughout the afternoon; distribution of colored paper caps for small children; Easter Bunny Rabbit pageant, under direction of Ellen Galpin; Easter egg hunt; Easter egg rolling; special stories under auspices of the Public Library; and special children's games.

The Playground Commission will solicit co-operation and assistance of civic organizations in the promotion of the event.

## Victim of Despondent Mate

Mrs. Gertrude Miller

### HUSBAND SLAYS YOUNG WIFE

Marital Troubles Blamed for Tragedy; Attempt to Kill Self After Shooting is Frustrated

Life, when he was estranged from his wife and separated from his child, proved unbearable to Charles Miller, 34 years of age, an auto mechanic. Yesterday he appeared at a rooming-house at 304 North Mountain avenue, where his wife, Mrs. Catherine Miller, was staying and asked her to go back to him. She refused and he killed her by firing three shots into her body, two of which lodged in her breast and the other in her head. She was 26 years of age, her birthday anniversary being yesterday.

Then Miller turned the weapon on himself, but the revolver jammed and he was overpowered and placed under arrest before he could destroy himself.

A note found in Miller's pocket when he was searched at the City Jail revealed the motive for his act. It read:

"To whom it may concern:

"I am at the end of my rope and am about to drop off. My wife and I quarreled two months ago today. The result was she left me. I have suffered terribly during these days and I can't leave her behind. My heart is broken, my nerve ruined, so I can't live longer without her and the boy.

"May God forgive me. Good-by all."

The note was dated the 6th inst. It was scrawled on cheap note paper. Miller said that he had carried it about with him for almost two days, intending to end his life. Late last night he told the police he decided to make a last effort to win back his wife. On her refusal to return to him, he said, he killed her.

The killing occurred in the front room of the rooming-house. Miller came to the house while his wife was having breakfast with Mrs. Lena Peck and the latter's brother, Gebhart Deuling. He requested that he be left alone with his wife as he wished to talk matters over with her.

Mrs. Peck and her brother retired to the back yard. They were gone but a few minutes when they heard three shots and rushed back into the house. G. W. Taylor, another roomer, was also attracted by the shots. He came to the front room and found Mrs. Miller lying dead at her husband's feet and Miller standing over her with the revolver in his hand.

Patrolman John Lennon rushed into the house, summoned by Earl G. Waggoner of 2008 West Temple street, a passer-by. The officer wrested the gun from Miller as the latter was making another attempt to kill himself. He was lodged in the City Jail on a charge of murder and told Detective Drury and Murray, who questioned him, that his wife had placed their boy in a home and refused to tell him where the child was.

### Jail Is Better Than Fine, Two Speeders Think

John Collins and W. D. Imbeau went to jail eleven and fourteen days, respectively, yesterday, rather than pay \$5 a day for the privilege of remaining free. The two were the only ones of eleven speeders found guilty before Judge Crawford who preferred a jail term to a fine.

Judge Crawford said that he is well pleased with his new system of giving offending motorists their choice of one day in jail or a \$5 fine for every mile over the speed limit.

The other nine, who gladly paid a fine in preference to the jail term alternative, were as follows: Wilmer Liddlestrand, \$60; J. E. Kerner, \$50; Chester Dwetha, \$45; L. J. Girkens, \$50; C. R. Sharrar, \$70; A. Maglister, \$45; T. S. Long, \$55; Richard W. Griggs, \$60; and O. Gardner, \$45.

Justice Channing Follette, working under his own system of heavy fines for speeders, with combined fines and jail terms for especially flagrant violations, yesterday imposed fines totaling \$1575 on 125 drivers found guilty of exceeding the speed limit in the city.

At the same session he sent two motorists to jail and issued bench warrants for thirty-eight who failed to appear in answer to summons.

The two sent to jail were A. H. Hansel and J. A. Hettche. Mr. Hansel was directed to pay a fine of \$50 in addition to spending ten days in jail. Mr. Hettche was given five days in prison.

### CHILDREN TO PARTICIPATE IN EGG FETE

Celebration Conducted at White House to Be Initiated at Lafayette Park

Children of Los Angeles are to be favored with a fete made famous on the White House lawn in Washington, when they participate on the 31st inst., in an Easter egg roll and egg hunt, to be conducted with the consent of the Park Commission at Lafayette Park from 2 to 4 p.m.

This will be the third annual event of this sort in Los Angeles. Heretofore the occasion has been sponsored by the Juvenile Protective Association, but in the future the playground department of the city will be in charge.

The program for this year, as outlined by playground department officials, includes: Band music throughout the afternoon; distribution of colored paper caps for small children; Easter Bunny Rabbit pageant, under direction of Ellen Galpin; Easter egg hunt; Easter egg rolling; special stories under auspices of the Public Library; and special children's games.

The Playground Commission will solicit co-operation and assistance of civic organizations in the promotion of the event.

## Cotton Nets, 72 Inches Wide, Will Be Sold at a Reduction of 25%

INTERESTING news for professional dressmakers, and for those who sew at home, as well—all cotton nets, in white, cream and ecru, and in regular prices from \$1 to \$5.50 a yard, are to be reduced twenty-five per cent.

A similar opportunity is not often available, and particularly not when, as now, the price of nets is advancing!

(Main Floor)

## "Dix-Make" Uniforms For Nurses

COMBINE all of the new features and improvements that have been thought of in these garments, until today they are recognized as the standards of quality wherever uniforms are sold.

In white preshunk. Dixie cloth, \$4.00, \$4.50 and \$5.00

In black or light gray cotton alpaca, organdie collars and cuffs ..... \$5.00

In blue chambray ..... \$4.00

In black cotton alpaca, \$5

In black cotton ponce, \$5

In plain gray poplin, \$8.95

In black alpaca ..... \$8.95

**Maids' Aprons**

New assortments, in white, with or without bibs; plain or embroidery trimmed; from \$1.00 to \$2.75

(Fourth Floor)

## Satin Breakfast Coats Are Most Attractive \$11.95

BECAUSE of the good quality of satin out of which they are fashioned; because of their smart trimmings of shirred ruching about the lower edge, pockets and neck, and because they may be had in such fascinatingly pretty shades as coral, rose, purple, Copen and French blue! What woman will not look the prettier in one?

(Fourth Floor)

## White Petticoats Made of Indian Head, \$1.75

MADE in straight-line models, finished with hand-crochet scallop; splendid petticoats for everyday wear; inexpensively priced.

(Fourth Floor)

## Candies That Are Different!

DIFFERENT! We should say they are—for instance, those clever tiny little corsage bouquets of candy, for favors or place cards, at 20c each; and their larger sisters, all the way up to \$2.25; the flowerpots made along similar lines, at 65c to \$1.00; the original Rademaker's Chocolates, all the way to you from Holland, at 15c and 30c; Barker & Dobson's Chocolate Mints, with liquid centers (made in England) at \$1.35 a box; or the unique Chocolate Bottles at \$1.50.

Chocolate Easter Eggs, in all sizes from hen's to ostrich's! With plain centers or marshmallow centers, and plain or decorated on the outside, 10c to \$3.00. Indeed, you haven't seen clever candies until you have seen those now at Coulter's and they're just as good tasting as they are good looking.

(Main Floor)

**10¢ IF SICK, TAKE "CASCARETS"**

Clean Your Bowels! End Headache, Biliousness, Colds, Dizziness, Sour, Gassy Stomach

To clean out your bowels without cramping or overacting take Cascarets.

You want to feel fine; to be quickly free from sick headache, dizziness, biliousness, colds, bad breath, a sour, acid, gassy stomach, constipation. One or two Cascarets, any time, will start the bowels acting. When taken at night, the bowels work wonderfully in morning.

Cascarets never sicken or inconvenience you next day like pills, calomel, salts or oil.

Children love Cascarets too. 10 cent boxes, also 25 and 50 cent sizes. Any drug store.—A. J. Artissment.

**DR. KING'S New Discovery**

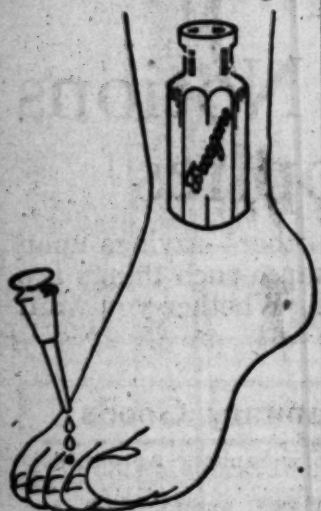

Never let a cold get a hold!

When your head feels heavy and hot—your throat parched and sore—try Dr. King's New Discovery. Feel your head clear—your cough loosen. How comforting to the throat. What relief to congested chest. Dr. King's New Discovery, over half a century old, the proved syrup for children as well as grown-ups. Ask your druggist for it—today.

# Corns

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freesone" on an aching corn. Instantly that corn aches hurt, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freesone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the callous, without soreness or irritation. (Advertisement.)

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest. Keep it handy for instant use. 35c and 50c jars and tubes; hospital size, \$1.00.

Better than a mustard plaster

Mrs. L. Pratt

(Photo by Hartwick)

## Get That Cold Before It Gets You!

Take This Advice

Los Angeles—"Last year I was taken down with the 'flu' which left me in a weakened and run-down condition. A heavy cold settled on my lungs and in the bronchial tubes. I was taking medicines prescribed for me, but they did not seem to touch the spot. Finally, I heard of Dr. Pierce's Golden Medical Discovery. The first bottle did me so much good that I continued taking it until I had used three bottles, and I was quite free from all the conditions that had bothered me. It not only cleared my system of its catarrhal condition, but gave me new strength and vigor. It is a pleasure to recommend a medicine that will restore a rundown system to health."

Mrs. L. Pratt, 1118 Miral St.

Stop into any drug store and ask for Dr. Pierce's Golden Medical Discovery in tablets or liquid, or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial pkg. and write for free medical confidential advice. (Advertisement.)

## INDIGESTION!!! STOMACH UPSET, ATE TOO MUCH

Instantly! Stop Gas, Sourness, Heartburn, Stomach Misery

Chew a few pleasant, harmless tablets of "Pepto-Mangan" and your distressed stomach will feel fine at once.

Correct your digestion and ease your stomach for a few cents. Don't let your stomach keep you miserable! Druggists recommend it. (Advertisement.)

## People and Their Troubles

## Questions Answered

ON BEING ROBBED

Our house was robbed last Sunday. It is a circumstance one views with mixed emotions. We were at once flattered and chagrined. It was complimentary to them to think us worth robbing. It is peculiarly embarrassing to have one's house overhauled and littered up shockingly and to be minus a great many things which probably wouldn't pawn for \$100 or so all told, and yet are going to cost us a great deal more than that to replace.

I wish I could have talked it over with the fellows. We might have come to some arrangement much more satisfactory to both of us. As my young son remarked, it was peculiarly mean of them to mope up a couple of pairs of pants he had taken all the morning to press in neat creases, and then to leave them on the porch as unworthy. This prevents him mauling father for new ones, and entails the pressing job all over again.

And it was poor work to stop open my desk and deed box with a jimmy—a horrid little 15 cent jimmy they left behind—when the keys were right where they could have done the job tidily.

But I was flattered to death to have them come in the old evening gown, six years old and still going strong. And even hubby could not but feel them complimentary in taking his evening dress suit, which, until then, he had rather feared created no impression of real masculine color.

And those old silver toilet articles of mine—a twenty-first birthday present, which had stood the stage of time so valiantly—silver has gone right out. Ivory is a much smarter now. And I can acquire new with a clear conscience, which would have seemed so sinful while the others were still usable.

As for a framed picture of Gloria Swanson the lady's press agent would have sent them an autographed copy for the asking.

But it gave me quite a thrill to find my handsome jewel case missing. A girl friend, who anticipated future glory for me, gave me that many years ago, but its contents still sadly charged the burglary. Beyond a couple of watches that don't go, an inexpensive ring with one diamond missing, a half crown, and a pair of earrings, I had nothing to show for the effort. I don't believe they will appreciate that poem a bit, yet to me it registered quite an emotional event in my life.

A rather stylish tea set, a recent gift, may make them happy. It looked awfully well in our front room. But I don't like it. I don't make good tea—I hope they are not tea connoisseurs.

But the maid is most indignant. They took her two very best dresses. I myself am conscious of a certain pride in the fact that my maid's dresses were so well worth stealing. That is vicious glory.

They evidently held my street clothes in the utmost contempt. Just pitched them, disgustingly, all over the house. This should make me ponder.

They took the only pair of my silk stockings that cost over \$3 cents. Well, I had condescended to myself when I bought them, so maybe like the bishop's silver candlesticks in "Les Miserables" they were mundane wealth that never should have been mine.

They had a nice taste in lace—annexed a few old bits I have treasured up for years, but which never seemed to be the right shape for the styles. After all, it is very aggravating to possess bits of real lace in one's drawer, and yet be reduced to wearing bargain-day offerings of less intrinsic value but more modish. That lace always did fret my economical soul.

But one thing does disturb my equanimity. The contempt with which they treated a couple of manuscripts of mine is most disheartening. An entire volume of paper basket could not be so grievously insulting. Some burglars overlook precious jewels and real money and bonds, but these fellows left behind, after obviously not having overlooked, some 5000 pearls of literary eloquence. Scat-

tered them around amongst mere household odds and yesterday's newspapers, for all the world as though they were of no account whatever. The crude Philistines. It would have been only decent of them to take those. It was such a gratuitous insult.

Being robbed gives one quite a curious sensation. We all reacted to it differently. My young son immediately brought all his recently acquired detective knowledge to bear on the case, and was telling Sir Conan Doyle if he fails him. He had a bully time hunting for clues, and stands very high amongst his playmates this week as the heroic victim of a genuine burglary. The neighbor's sons are green with envy.

The maid, however, just wished she had met the gentlemen. Say, but she would have smacked their faces good and hard, the brazen wretches. Sneaking a couple of her best dresses while she was at church seeing a picture show of M. Cope and imbibing "better-and-betterness" and "them fellows routing through her trunk and musing up her bed, just as though she'd be fool enough to leave and money under her mattress."

But Father smiled and said anyway the fool didn't get much, which was one advantage being poor. And the baby gurgled with delight at all the excitement in the middle of the night.

And I said "Baruch, they didn't take my typewriter."

## LETTERS TO "THE TIMES"

DM You See Him?

ST. PAUL (Minn.) March 2.—[To the Editor of The Times:] I had a very unusual experience while motoring across the great American desert over the Santa Fe trail, last Sunday, and I wish to know if you have ever heard of any one else having a similar experience.

I was coming East, it was in the early afternoon, when I saw a man on a bay horse come across the desert. As he rode across the desert, I watched him coming toward him. The man had a dark shirt and a dark slouch hat. He rode behind a moment where he stopped and continued to watch me. The horse was young, had a long and somewhat thin tail. It carried its head high with its neck arched. I could see that it was rather warm as its bay coat shone in the sunlight.

I had a very uncomfortable feeling, in fact my heart pounded. But I reassured myself that there was no danger—that I had passed a horseman before—and also friends of mine were back a way in an open car.

I kept my eyes directly on the man. By this time I was getting rather close. Quite suddenly I realized the man and horse were not in the desert but in a bush where I had but a moment before seen them. I could see no man or horse anywhere, although I could see for miles as it was open country.

I do not believe this was a mirage. The man and horse were not in the desert but in a bush where I had but a moment before seen them. I could see no man or horse anywhere, although I could see for miles as it was open country.

M. E. WATERMAN, 415 Holly avenue, St. Paul, Minn.

## No Kick Coming

LOS ANGELES, March 6.—[To the Editor of The Times:] I was very glad to see that Frank Connelton had gotten his name in the paper. It all right, but it doesn't mean anything, (or) it is an argument being purely destructive.

However, there's food for thought in the article—his condemnation of the ads employing that delightful ditty with which Dr. Coue is benefitting the human

## Opposes Ship Subsidy

LOS ANGELES, Feb. 21.—[To the Editor of The Times:] Nothing has appeared in The Times in the way of argument on the ship subsidy has convinced me that it is anything but a raw, atrocious steal of public funds to pay into the pockets of private corporations. It is no attempt of which we have a large number—to tax all the people for the enrichment of a few. An industry that cannot be made by its directors to pay and stand on its own legs, should properly be left in other hands where those able hands and heads are English, French or German.

The American people are the easiest marks in the world for raids on the public treasury. They will stand for anything, whether for lack of courage or intelligence it is

## Unreasonable Calendar

WATTS, March 1.—[To the Editor of The Times:] An article by Meyers in The Times Illustrated Magazine prompts me to write the following: I cannot understand why anyone should call the calendar an "almost perfect" one. The length of the months varies from twenty-eight days to thirty-one days. That condemns the calendar for that robe people's calendar. For instance, a man rents a house for February. Later, another man rents the house for March. One man gets twenty-eight days' use of the house; the other thirty-one. By making the first five months thirty-one days, the leap year's first six months thirty-one days, and the other months thirty-one days, the calendar would be much improved. Better still to have six months each year of sixty days each. Then skip over the extra five or six days at the end of the year. Sixty days is easily divided into quarter months. Those quarter-months should take the place of the week, the week to be discarded.

Meyers's article mentions that at first August had thirty days, that later the man for whom August had been named, thought the honor was too short, and so he cut a day from February, so as to give August thirty-one days. February only twenty-eight days. Such work as this is disgusting.

THOMAS H. GORDNER.

## A Reproof

LOS ANGELES, March 2.—[To the Editor of The Times:] I have subscribed for your paper for a number of years because I think it is the best paper published here, but I think you make mistakes in misrepresenting the reasons why the people of the southwestern part of the city do not want Slauson avenue used as a main thoroughfare of the Santa Fe Railroad to the harbor. It looks as if you were working for special interests instead of the good of the public and the taxpayers.

(MRS.) T. A. SMITH.

P.S.—Sometimes when you are really working for a good cause the people will not know whether to believe you or not.

# KO-FAN

## Malted Milk

nourishing invigorating

ALL THE NOURISHING A qualities of malted milk combine with the fascinating flavor and invigorating elements of KO-FAN.

Truly delicious, KO-FAN Malted Milk contains every essential of a complete, satisfying meal. It furnishes nourishment for the body in quickly assimilable form. It braces you up and drives away fatigue. In any distinctive flavor, from tropical climates and South Sea Isles, is superbly pleasing.

There's Health in Mountain Valley Water

Mrs. J. M. Philp, 3819 Crawford St., Los Angeles

## Relieved of Neuritis by Drinking Mountain Valley Water

How this Los Angeles woman found relief from Neuritis by drinking health-giving Mountain Valley Water. Hot Springs, Ark., is best told in her interesting letter, acknowledging the benefits received.

February 14, 1932.

Mountain Valley Water Co., Los Angeles. Gentlemen: I thought I would write and let you know that I have had Mountain Valley Water splendid in my case. I had Neuritis in my toes, hands and arms, and I had cramps in my legs so bad that when I was in bed I dared not move. But I finished the first case of water I can move my legs about as well as I like. My Neuritis is gradually disappearing and I am now in the Mountain Valley Water. I drink nearly half a gallon a day. I am feeling better every day and am so pleased with the Mountain Valley Water that I recommend it to all my friends.

(Signed) MRS. J. M. PHILP, 3819 Crawford St., Los Angeles.

Many Los Angeles people, besides Mrs. Philp, have acknowledged the beneficial effect of Mountain Valley Water, not only in Neuritis, but in Bright's Disease, Diabetes, Rheumatism, High Blood Pressure and ailments of the stomach, liver, kidneys and bladder. To ask for copies of letters from these grateful patients you under no obligation.

For full information about Mountain Valley Water, 238-71, write, or come to our office.

**THURSDAY MORNING FACTORY SITES CHANGE HANDS**

Land Near Cudahy Will Be Used for Plants

Rio Grande Oil Company to Erect Refinery

New Cyanide Concern Plans to Build Soon

Two miles of factory sites announced yesterday carried out plans for the expenditure of at least \$1,500,000 for new plants in the Los Angeles industrial district. The transactions involve a total area of 175 acres in the vicinity of Cudahy.

W. H. Daum, industrial realtor, announced the sale of 100 acres of land near Cudahy, near the Rio Grande Oil Company. The consideration in this transaction was reported to have been \$75,000.

The oil company will erect a 300-barrel refinery and tanks to cost about \$500,000, according to L. E. and L. M. Lockhart, president and secretary, respectively, of the petroleum firm, who are here making arrangements for the plant.

**NEAR OIL FIELDS**

B. P. Kraemer and J. L. Beebe of Placentia and Anaheim, sold the property, which is in a central position in the Southern Pacific harbor line, to the Rio Grande Oil Company. The position is said to be especially advantageous for the new firm, as it is in the company has no production in southern California and will depend upon established producers for its supply. The fields are to be connected with the refinery by pipe lines.

The Rio Grande Oil Company was organized in Texas. Since refinery being in El Paso. Since the organization of the company a second refinery has been established at Phoenix. The land will be the third to be built by the firm.

The second sale reported was that of a seventy-five-acre tract southwest of the junction of the Union Pacific Railway's harbor branch and the Southern Pacific line, which serves Orange county, near Cudahy and Bell. It was reported that the property has been sold to the California Cyanide Company for a consideration of approximately \$150,000.

**NEW COMPANY**

The California Cyanide Company was organized last month by three capitalists, and representatives of the Air Reduction Company of America. It was reported at the time that the company was organized that at least \$1,000,000 would be spent on the factory.

Liquid hydrocyanic acid, sodium cyanide and similar products used in horticulture in the Southern Pacific plant would form a nucleus for the chemical center in Los Angeles, as it is understood that the plant is preparatory to the establishment of other large chemical companies here are now in progress.

The plant is president of the California Cyanide Company, John H. Green, president of the Southern Pacific, and J. D. Nye, president of the Federal Reserve Bank. The plant is president of the Southern Pacific, and J. D. Nye, president of the Federal Reserve Bank. The plant is president of the Southern Pacific, and J. D. Nye, president of the Federal Reserve Bank.

**Soon Unveil Portrait of Noted Jurist**

William J. Hunsaker, past president of the Los Angeles Bar Association, who was a life-long friend of the late U. S. District Judge Welborn, will deliver a paper at the unveiling of the portrait of the late jurist, in his court room next Monday at 10 a. m. The portrait is installed ready for the formal ceremonies. At the request of the Federal Judges' Association will be in charge of the program. A general invitation has been extended to members to attend.

George J. Davis, Frank P. Hill, E. L. Valentine, Oscar Lawler, Albert Schoonover, Robert O'Connell and W. M. Van Dyke have been designated as the committee in charge. Mr. Lawler being chairman.

Judge Welborn's daughters, Marion Green and Mrs. William Hunsaker, and his sons, Judge Charles Welborn and Olin Welborn, with their wives, are expected to attend.

The occasion also will mark the appearance of Hon. William Hunsaker, who will sit with U. S. District Judge Ross and District Judge Tripp and Blodgett. The portrait will be unveiled by Judge Welborn, the veteran court clerk who was in Judge Welborn's court during the entire twenty years of his service on the local Federal bench.

# SEE ALL of California

# SEE ALL of California

THE traveled traveler, when he speaks of California, has in his mind a picture of the most scenically diversified section of the country. Every visitor—every resident—should see ALL of California. California is 700 miles long, with an average width of 250 miles. Unless you know something of its Great Valley—its towering mountains—its gigantic trees—the diversity of its life—you do not know California. Occupying a strategic and central position in California, is San Francisco—one of the few distinctive cities in the world—enthroned on its many hills, commanding marine and mountain views which never fail to inspire. Plan to spend a portion of your time there. From San Francisco you can make numerous short trips—trips that lead into fields of romance and unparalleled scenic beauty. See the redwoods. See the National Parks, petrified forests. See thousands of acres of orchards and rolling vineyards. See the spacious productive valleys yielding a greater variety of products than any other section of the country, and with unusual opportunities for living and working. Make arrangements now to visit San Francisco. By so doing you will make your trip to California all the more memorable.

Accept the invitation of Californians Inc. to "See ALL of California." Be sure to visit this organization at its headquarters in San Francisco. Californians Inc. is a non-profit organization of institutions and men united for the purpose of disseminating authoritative information concerning California and its opportunities for enjoyment and living. ## BUSY DAYS AT LOCAL HARBOR

Nineteen Arrivals Yesterday  
Keep Business Moving

Eight Offshore Ships From  
East Are Due Today

Each Lumber Reaches Here  
From Northwest

Nineteen offshore and coastwise arrivals at Los Angeles Harbor yesterday, including five passenger liners, offshore freighters and lumber steamers, gave the port one of its busiest days of the present year. The day's business, marked by 150,000 deadweight tons of shipping, brought 127 passengers, 11,000 tons of freight for Los Angeles, and approximately 450,000 feet of lumber from the Pacific Northwest.

Heading the passenger arrivals was the Shipping Board's "607" liner, President Harrison, coming in at daylight from the north and sailing at sunset for Buenos Aires and way ports on her first trip in the new Pacific-Argentina service of Swaine & Hoyt. The giant craft took out eighty passengers and 2000 tons of freight from the Pacific Coast.

Other passenger vessels coming during the day included the Japanese steamer Rakuyo Maru, from Hongkong, the Mexican liner Chiapas, from Balboa, Cruz, and the Coast Liners Harvard, Humboldt and Admiral Dewey.

Cargo-carrier arrivals of the day were the Japanese steamer Yoshida Maru III, from San Antonio, Chile, with nitrate for this port; the British liner, with 500 tons of newsprint, 5000 bundles of lath and 10,000 feet of lumber from Ocean View, B. C., and from the east coast the steamer Pacific, Robert Schenck and Sisco Ranger.

Today will be an even busier period in port shipping circles. Eight offshore steamers are due from the Atlantic Coast. Of these, six are from the port of New York, including the freighters Northern Star, Suduro and Santa Olivia, and the tank steamers Standard, C. C. Teague and E. T. Bedford, all of the Standard Oil fleet.

The freighter Orinoco, from Boston, and the tanker S. M. Spaulding, from Balboa, also are due.

## FREE TO BE RETURNED

In order to permit the widening of Tenth street to 100 feet, the proceedings for which are under way, L. Eason has notified the City Council that he has abandoned his plan to build an apartment house at 217 South Bonnie B. street.

## SUPERVISORS GO NORTH

Supervisors Cogswell, Bean and Wright left last night for Sacramento to attend the annual convention of California Boards of Supervisors. They will represent the Los Angeles County Board at the convention, where all problems affecting Boards of the State will be discussed.

## RUFFO HITS REPORT OF PURCHASE

Opera Star Denies Buying Home Here for Tada Styka, Asserted Friend of Pola

"This story of a home having been purchased in Los Angeles in my name for Tada Styka, the artist, is absolutely untrue," declared Titta Ruffo, the celebrated baritone of the Metropolitan Opera Company, upon his arrival here at 2:35 p.m. yesterday over the Santa Fe.

Signor Ruffo, who comes to Los Angeles for a concert engagement next Friday evening at the Philharmonic Auditorium, was accompanied by Miss Yvonne D'Arle, coloratura soprano of the Metropolitan; Max Merson, pianist, and Howard Shelley, Ruffo's manager.

The famous baritone also smiled upon being asked if it were true that the artist Styka had indignantly removed a portrait of Pola Negri from an exhibition upon hearing the news of her engagement to Charlie Chaplin.

"Why, Styka says he hardly knows the woman," interrupted Miss Merson, who explained that she saw the picture herself within a few hours of the exhibition's close.

Headed by E. Piana, the Italian Consul in Los Angeles, a delegation of prominent Italians of the city, which included Mons. E. Tencio and Signor J. De Bartolo, F. M. Andreani and Cav. M. Baroni, met the Ruffo party at the Santa Fe station and accompanied the singer to his room at the Alexander.

## WOMAN TAKES POISON IN PERSHING SQUARE

Miss Pearl M. Lewis, 35 years of age, was brought into the police receiving hospital in serious condition yesterday as a result of swallowing nitrate of silver crystals in Pershing square. Police said Miss Lewis attempted to take her own life, but Police Surgeon Dunwoor declared the young woman will live. She was unable to tell police a coherent story, and declined to give any motive for her action. She has been living with her sister, Miss E. Lewis, at 4944 1/2 Echo street.

## PROTECTION FOR ZONE LAWS SOUGHT BY CITY

In order to obtain from the highest courts a ruling that will protect Los Angeles zoning legislation, the City Council yesterday instructed the City Attorney to join with San Bernardino in its appeal from the decision of the San Bernardino Superior Court declaring the zoning legislation of that city invalid.

## FRATERNITY HAS BANQUET

The annual founders' day banquet of Sigma Alpha Epsilon fraternity will be held Saturday at 7 p.m. at the Elite, 223 South Flower street. Judge J. Perry Wood is to speak. Maurice M. Newman is chairman of the alumni committee, and C. Coyle Briggs of U.S.C. heads the undergraduate committee.

## GIRL AND DIRECTOR OF PIRATE FILM

Cutlasses Are Toothpicks With Captain Applejack's Crew

Enid Bennett and Fred Niblo

SCARLET sun on a mapphire sea. A white-winged armada coursing in convoy to the rich arcades of trade.

A long, low, rakish craft on the horizon; a God-fearing pennant at the peak and the Jolly Roger on the ropes for hoisting at the kill.

To, ho, ho; and a bottle of rum. "Capt. Applejack," the mildest-mannered pirate ever picked tooth with cutlass, is going on the screen.

Fred Niblo is going to direct. Enid Bennett will be the girl. Matt Moore is under full sail from the friendly port of New Amsterdam to give his sword and tread the deck as old "Capt. Applejack" himself.

The parrots in Bell's Zoo lift raucous throat at the gates of the Louis B. Mayer studios to scream for pieces of rolling and the rolling sea-gait among Niblo's crew is excellent in genuineness only by those gallant and bronzed office workers who once a year cruise to Catalina before the mast of the Avalon.

Miss Bennett will be fully qualified to wear a "middy blouse" by summer's end. She is now playing the enchanting role of Priscilla opposite Charles Ray in "The Capt. Applejack."

While Mr. Niblo is collaborating with Miss Bennett on the final script, Doris Cox, his chief of staff, and Alvin Wycoff, commanding his camera battery, are checking up on details and picking new and beautiful locations in the Southland that will baffle the descriptive vocabulary of the Chambers of Commerce. "Capt. Applejack" will be a Louis B. Mayer production.

DIRECTOR IS SWAMPED  
Call for Homest Girl Brings Avalanche of Replies

Edwin Carewe is swamped! The director's advertisement to obtain the homeliest girl for a part in his production of "The Girl of the Golden West," has caused an avalanche of pictures, letters, telegrams and telephone calls to flow his way.

"Many girls have been severely handicapped in pictures because they are not good looking," said Mr. Carewe. "Now this is a chance to get a real part on real merit. The girl chosen will be about 30 years of age, maybe a little more—and the homeliest the better."

## No wonder "RUNNIN' WILD"

has the dance hounds runnin' wild. But you ain't heard 'em till you hear it played by Ted Lewis and his Band on Columbia Records.

IT'S NEW STYLE

EDMUND GOULDING TO PRO-  
DUCE IN NOVEL FASHION

By Grace Kingsley  
Enter the free-lance producer!  
That is, a producer who will make  
a picture for any given picture  
concern or releasing organization  
with whom he comes to terms,  
providing said concern will guaran-  
tee to give him carte blanche to do  
as he pleases in the way of story,  
production and action.  
This is the novel project of Ed-  
mund Goulding, screen writer and  
author of novels, who is also an  
actor, and who has taken the trou-  
ble to learn the film business from  
the ground up, commencing with  
cutting, going through the labora-  
tory work, and who has served as  
assistant director and director.  
Goulding announced his plans  
yesterday, stating he is backed by  
eastern capital in his project, and  
that he means to go into the pro-  
ducing end of the work almost im-  
mediately. He is famous as the  
writer of Richard Barthelmess's  
picture plays, "Tobias David,"  
"Fury" and "The Bright Shawl,"  
as well as of Mae Murray's pic-  
tures, "Peacock Alley," "Jamaica"  
and others.  
Another novel and perhaps revolu-  
tionary feature of Mr. Goulding's  
project, inasmuch as it will im-  
mensely aid the screen-story  
writer and also therefore the  
screen, is his plan of writing all  
his original stories into novels. He  
has thus written "Fury," which  
he says he did in a hurry when he  
saw what had been done to his  
story on the screen. Having read  
"Fury," I heartily subscribe,  
though I considered the picture a  
very good picture at that time,  
to Tobias David, though the  
foundation was a Hergesheimer  
story, but the story for the screen  
was entirely changed and expan-  
ded. "The Bright Shawl" is also  
Hergesheimer's.  
Mr. Goulding is all for helping  
the poor screen author.  
"Every once in while a pic-  
ture author makes a big hit, rings  
the bell half a dozen times in a  
row," said Goulding. "Then some-  
times a picture comes along which  
is a masterpiece, and the author  
in a little cell at the studio, sets  
him to work tailoring up a story to  
fit a star, then hacks his work to  
pieces after it is finished, and the  
author is soon just a hack writer,  
his light of inspiration, his en-  
thusiasm, gone out forever."  
"Yet, the play's the thing—  
the story," the producer has  
everything else. But what en-  
couragement is given the writer?  
The screen is ever to take its  
place as a real art, the young writ-  
ers, who are looking forward eag-  
erly to screen writing as a means  
toward success, must be aided  
their talent for red. If all screen  
writers would take the time and  
trouble to put their best work into  
fiction form, it would help them  
and the business very greatly.  
"Fury" is now in its third edition.  
It is also to become play, and  
Eugene Walter is now making it  
into a drama.  
"Laws should be made protect-  
ing the film writer. The govern-  
ment protects the buffalo, and the  
good film writer is in just as much  
danger of becoming extinct as the  
buffalo. And he certainly is at  
least as important!"  
At present, Goulding is writing  
a story called "Broadway After  
Dark," in which Marie Prevost and Monte  
Blue will be starred. Following  
this work, he hopes to be able to  
start work on his own productions.

A Decorative Screen Presence

Barbara La Marr,  
Who is appearing in "The Hero" at Miller's Theater.

RISKS LIFE FOR THRILL

More than a thousand feet in  
the air the basket of a captive  
balloon swings slowly, and to fro.  
Two women and two men are in  
the basket, the women, dressed  
alike, one of them in the thrilling  
camera, the other equipped prin-  
cipally with a worried expression.  
All is ready. One of the women,  
with a parachute strapped to her  
back, balances on the rim of the  
basket; the others watch, breath-  
less.  
Suddenly she jumps—down,  
down, down!  
Will the parachute never open?  
Ah-h-h! Signs of relief from  
the remaining three, as the can-  
vas falls and slowly sails away.  
Then the woman who remains  
in the basket, slowly swaying on  
her feet, crumples and falls to  
the floor.  
Action, plenty of action. The  
cameraman cranks rapidly as the  
parachute nears the earth; the  
parachute with the worried expres-  
sion, the woman in the basket,  
then draws back quickly.

**Lloyd Hughes**  
to Star With  
**Arthur Jacobs**

Arthur H. Jacobs, one of the  
newest producers in the coast film  
colony, who is making the Frank  
Borah production, has just  
signed Lloyd Hughes to play one  
of the all-star parts in his initial  
picture, which Frank Borah is  
starting to direct at the United  
Theater.  
Jacobs signed Pauline Garon in  
leading feminine part, and, in fact,  
the only one in this story. The lit-  
tle flapper star of "Adam's Rib"  
fame, is now on her way to the  
coast.  
Agnes Christine Johnson, who  
wrote the scenario from the mas-  
telling story, "The Wheel of Life,"  
mind when she wrote the script,  
and when asked by the producer  
whom she considered the best  
young man to portray the char-  
acter, promptly named Hughes,  
whereupon he was more promptly  
engaged by Jacobs after Director  
Borah had heartily approved the  
scenario's choice. The picture is  
to be released through Associated  
First National as the first of a se-  
ries of Borah films.

**LEVITSKI ON NEXT  
ORCHESTRA PROGRAM**

Next Friday at 3 p.m. and Sat-  
urday at 8:30 p.m., the Philhar-  
monic Orchestra will have for its  
added attraction as soloist, the fa-  
mous young Russian pianist,  
Mischa Levitski, internationally  
one of the greatest ar-  
tists of the day.  
Since his last visit to this city  
Mr. Levitski has circled the globe,  
travelling in many foreign  
countries with overwhelming suc-  
cess.  
For his solo with the orchestra  
Mr. Levitski will perform the  
Liszt Concerto for piano and or-  
chestra, No. 1 E-flat.

**KARLE TAKES MAY  
PETERSON'S PLACE**

Owing to the serious illness of  
May Peterson, soprano, who was  
scheduled to sing at Philharmonic  
Auditorium Tuesday night, Theo  
Karle, tenor, repeated the concert  
which he gave last Saturday after-  
noon.  
Miss Peterson did not arrive in  
Los Angeles, but it is understood  
that she is suffering with throat  
trouble which prohibits her ap-  
pearing in concert at the present  
time.  
That Mr. Karle is an artist of the  
most innate musical sensibilities  
was again demonstrated last eve-  
ning. He sings with a most beau-  
tiful and tender quality and with  
especially fine pianissimo work  
and splendid gradations.

**DICKENS MEETING TONIGHT**

Members of the Dickensian Fel-  
lowship will meet tonight at the  
home of Mrs. A. Floyd, 2511 Third  
avenue, to discuss the life of  
Charles Dickens. Mrs. Floyd, who  
is president of the organization,  
will tell about her visit with the  
only living son of the author last  
December. All persons interested  
in the life of the writer are invited.

PLAYDOM

COMEDIANS ON ROCKS

VON STROHEIM PLAYS HAVOC  
WITH FUNNY FOLK

By Edwin Schallert  
Terrible havoc is being raised in  
the ranks of the comedians by  
Erich Von Stroheim for the sake of  
his new picture "McTeague." No  
less than seven funny, or so-  
called funny players, and ex-funny  
players have been engaged to ap-  
pear in the picture, and all of them  
are doing serious roles.  
Principal members of the cast  
thus far selected include Gibson  
Gowland, Zasu Pitts, Dale Fuller,  
Cecare Cravina, Chester Conklin,  
Sybil Ashton and Frank Hayes.  
Gowland will have the role of Mc-  
Teague, and Miss Pitts that of  
Trina.  
In times gone by Gowland has  
played in pictures with Charlie  
Chaplin and Harold Lloyd. Two  
Lloyd pictures in which he ap-  
peared were "The Promises" and  
"Fidgin Island." Miss Pitts was  
formerly in Christie comedies, and  
as a rule has done half-humorous  
roles in features. Dale Fuller, of  
course, was a frisky Bennett fun-  
maker at one time, and never, in  
fact, has been serious except un-  
der Mr. Von Stroheim's direction  
in "Foolish Wives."  
The comedy talents of Chester  
Conklin, Sybil Ashton and Frank  
Hayes are pretty generally known,  
as they have devoted but little of  
their time to anything but comic  
roles. Cecare Cravina has gen-  
erally played amusing char-  
acter roles, although some of his  
roles have been serious too.  
Mr. Von Stroheim selected this  
cast because the story of "Mc-  
Teague" demands unusual charac-  
ters. Such an assemblage as are  
contingent before the imagination  
by the pen of Frank Norris have  
in fact only rarely, if ever, been  
seen on the silver sheet, and it was  
a difficult matter to select just the  
appropriate types.

Dennis Rumer of Sale

Formerly of the Loew  
Theaters in Los Angeles and San  
Francisco which have been in gen-  
eral circulation have been denied  
by Marcus Loew as well as by his  
representatives in New York.  
"I have at no time been agog-  
itating for the sale of my houses  
in San Francisco and Los An-  
geles," said Mr. Loew. "No such  
deal is on, and none has been con-  
templated nor is one in prospect."  
According to the story dis-  
patches representatives of the Or-  
pheum Circuit and of Oliver Ro-  
manco, which interests were report-  
ed, both denied the deal, but  
their statements were in the  
market for Loew's California  
houses.

Mary Alden as Director

First we know of it, and it's  
interesting. We hear that Mary  
Alden has aspirations as a director.  
At least, it seems, producing in-  
terests have such ambitions for her.  
Only a few days ago in New  
York Miss Alden said that she  
would play in at least two more  
pictures before she thinks of ac-  
cepting any of the various offers  
made her to direct.  
The impression exists, of course,  
that Miss Alden is a bright enough  
woman to do "most anything."

**FISHER WRITES NEW SONG**

Max Fisher, whose band of syn-  
cophonists are having a popu-  
lar reign at Loew's State Theater,  
has just written a new song with  
Catalina Island as the theme. It  
is titled "Catalina and You," and  
Fisher has been stopping the show  
with each rendition. The jazz  
leader will have it published.

**MICHIGAN FOLK MEET**

Saturday will be the meet-  
ing day for former residents of Mich-  
igan when they will picnic at  
Sycamore Grove. Addresses and  
musical entertainment will be  
among the features of the day.  
The picnic conducted by the State  
society will take place the fol-  
lowing Saturday at Sycamore  
Grove. All former residents and  
tourists from that State are in-  
vited.

**ELISIE FERGUSON**

COMING TO MASON

Since Elisie Ferguson's last ap-  
pearance here in "Outcast," some  
seven years ago, she has added to  
her popularity by becoming one  
of our foremost screen stars. Her  
picture following will welcome the  
opportunity to see her at the Ma-  
son Opera House, this coming  
week, because it is the first chance  
they have had of seeing her in person.  
It is said that her vehicle, "The  
Wheel of Life," is a very enter-  
taining one, and her part admir-  
ably suited to her unusual his-  
trionic gifts and graces.

**SADDEST SIGHT**

IS CLASSIFIED  
"One of the saddest sights  
in the world," says Will  
Rogers, the cowboy comed-  
ian, whose latest photoplay  
"Fruits of Faith" is now  
showing with "The Hero" at  
the Miller Theater, "is a  
man who works for his  
board and then loses his ap-  
petite."
